**The Outlook, in an Editorial, Declares American Dollars Will Create a Revolution Anywhere—Insinuates Trusts are Backing Huerta in His Opposition to Wilson Administration — A War Waged Solely for Greed.**

London, Nov. 22.—Under the heading "A Money Grubbers' War" the Outlook today publishes a bitter article on the Mexican situation.

"Across the Atlantic," the Outlook says, "there is in busy preparation, if certain forces can accomplish it, a crime against civilization, against humanity. At any moment we may hear of its first overt stages with inevitably the ensuing slaughter of tens of thousands of young Americans, and half armed peasants, the devastation of humble towns and rude countrysides, the sufferings of the helpless and the innocent and the outpouring of millions of money.

"And all for what, or for whom? Wars have been waged for military ambition, but who is the Napoleon of the United States? They have been due to colonial expansion, but half the States are sparsley peopled; and they have been fought for liberty—and what wars have we seen lately sheltering under this claim? But there is no pretense of this or any of the historic reasons here. A war between the United States and Mexico, if it arises, will be the first war waged solely for private greed—the first money grubbers' war."

After saying that the United States have been filching territory from their neighbors for 60 years and have reduced weak States to obsequious dependents through the Monroe Doctrine, "which means anything it is required to mean." The Outlook predicts that American dollars will create revolutions in Trinidad and Jamaica, as it alleges they did in Panama and predicts the annexation of the northern Mexican States.

"If the guides of American opinion, among whom we refrain from mentioning Dr. Wilson," the article says in conclusion, "get their way, in a few weeks, perhaps days, Jim Smith, of Virginia, will be cutting the throat of Leon Ramies, of Morelos, in the sacred name of the oil trusts and the bank of Wall Street Avenue."

**High Handed Practice.**

Mexico City, Nov. 21.—The bulk of the evidence at hand continues to indicate that Victoriano Huerta is unalterably determined not to accede to the demands of the United States government for his elimination as President of Mexico, but there is some basis for the belief that he may at last give in, but in such a manner as to leave the impression that he acted of his own free will, defying Washington to the last.

High-handed parliamentary practice in the Chamber of Deputies this afternoon gave rise to considerable speculation. The roll of members was called and it was evident that a quorum was present, but Col. Victor Corral, presiding in the absence of Speaker Tamariz, said to be ill, declared there was no quorum.

Not a deputy protested and the chamber stood adjourned until tomorrow.

It was suggested that this action might be part of a plan to bring about the death of Congress and thus split hairs with the Washington government which through John Lind, President Wilson's personal representative, had insisted that the new legislative body should not come into existence.

Under the law should there be no quorum three times in succession the House would be automatically dissolved. One prominent Mexican, speculating upon the motive for today's adjournment, suggested that it was merely a time saving device, adding "time for Huerta today is fine spun gold."

**Proposition Submitted.**

It became known today that Manuel Garza Aldape, prior to his expulsion from the cabinet, submitted for the consideration of the United States a proposition signed by President Huerta that Congress should meet merely for the transactions of three or four measures, namely: ratification of the decree of October 11th, dissolving Congress; declaring the elections of President, Vice President and the Congress null and calling for new elections.

For this reason it is not believed that the no quorum rule will be carried out indefinitely. Government officials are authority for the statement that there has been inaugurated between American Charge O'Shaughnessy and Mexico certain negotiations. Confirmation of this is not obtainable.

That a British cruiser squadron was ordered from Barbados to Vera Cruz on representations made by Sir Lionel Carden, became known here today. It also was learned that a counter order was made as the result of an energetic communication from Secretary of State Bryan to the British ambassador at Washington.

Sir Lionel Carden is said to have represented that in event of fresh uprisings he doubted the ability of the American marines at Vera Cruz, even if so disposed, to afford proper protection.

Secretary Bryan, according to cablegrams reaching here gave the British ambassador to understand that the United States would regard the presence of a British squadron in Mexican waters undesirable and as a result the order was changed to provide that but one cruiser be sent.

**Criticizes Wilson.**

Magdalena, Mex., Nov. 21.—Gen. Venustiano Carranza, head of the Mexican constitutionalists, in an interview today, criticised the reported effort of President Wilson to inuence Provisional President Huerta to appoint Pedro Lascurain as minister of foreign relations with the view of Huerta's possible retirement in his favor. He expressed doubt, however, of the accuracy of the report.

"It is impossible to believe," said Caranza, "that the President of the United States, a man of such high moral personality as is shown in his works that I have read, would imitate the political methods of a man of such low morality as Huerta.

"Huerta attempted to hide his treason and assassinations by forcing the resignations of President Madero and Vice President Pino Suarez and then elevating the more easily controlled Las Curain to the Presidency for a few brief minutes, so that he, Huerta, could be named minister of gobernacion. In this position he was enabled to usurp the power of Las Curain and eject him from the Presidency.

"If President Wilson now intends to commit the same crime through the person of Las Curain, the only difference between his contemplated act and that of Huerta is that Huerta acted within the realm of internal politics, while President Wilson would make the affair one of international politics."

**Met and Adjourned.**

Mexico City, November 21.—The Chamber of Deputies, immediately after the roll call at tonight's session, adjourned until tomorrow, Speaker Tamariz announcing that there was no quorum.

It was evident tonight that there had been no material change in the relations of the Mexican and American governments, although it was learned that Nelson O'Shaughnessy, American charge d'affaires, has had two conference with the Mexican minister of foreign affairs during the past few days.

Assurances were given at the embassy today that no instructions had been received from Washington for Charge O'Shaughnessy to leave his post. It is known that his personal affairs are in such order that he could leave at an hour's notice if necessity arises.

A demand has been made by the Federal military authorities on all the foreign business concerns in Monterey for cash to provide for the maintenance of the army in that district. From the Monterey Steel Company 20,000 pesos was asked and from the Waters-Pierce Oil Company 15,000 pesos. Others were taxed in proportion to their importance. The managers of the Waters-Pierce Oil Company instructed their representative in Monterey to refuse payment and to place themselves and property of the company under the protection of the American consul.

Hard fighting was still in progress today about Ciudad Victoria, according to information issued by the war office. Although the city was said to have been captured by the rebels on Tuesday last, it is now claimed that General Antonio Rabago, the Federal commander, is still holding the place although continuous fighting has continued for the last 24 hours.

**Maderos Guarded.**

Vera Cruz, November 21.—Evaristo and Daniel Madero, two relatives of the late President of Mexico, were taken today on board the American flagship from the consulate where they took refuge last night.

After their release yesterday from the fortress of San Juan Ulua, the two Maderos sought asylum in the American consulate.

At about 9 o'clock the two fugitives, escorted only by John Lind as personal representative of President Wilson, and William W. Canada, the United States consul, left the consulate building and walked to the steam launch with an armed crew of blue jackets from the battleship Rhode Island. The refugees boarded the launch which immediately started for the flagship.

As they were bidding good-bye to Mr. Lind at the launch, Evaristo Madero exclaimed:

"Only God can save Mexico," to which his brother Daniel added:

"But only with the help of the United States."

The transfer of the refugees to the Louisiana was effected after a request for their surrender to the local au-

(Continued on Page Eight.)

## Dr. Henderson Is Elected President

**Of State Literary and Historical Society—Ambassador Jusserand Addresses Big Audience.**

Raleigh, N. C., Nov. 21.—The North Carolina Literary and Historical Association tonight elected Dr. Archibald Henderson, of the University of North Carolina, president, and other officers as follows:

Vice presidents, Miss Mary Shannon Smith, of Meredith College; Mr. Frank Nash, Hillsboro; Mr. W. B. McKoy, Wilmington; secretary and treasurer, R. D. W. Connor, Raleigh.

The election of officers followed an able and most interesting address by French Ambassador J. J. Jusserand, that was the crowning feature of the 14th annual session. The auditorium of Meredith College was thronged with ladies and gentlemen, representing the literary and social life not only of Raleigh ,but of nearly every section of the State.

Ambassador Jusserand's subject was "Rochambeau and the French in America; Why They Came and What They Did." He dealt exhaustively with the subject and was given great applause.

This address closed the annual meeting of the North Carolina Literary and Historical Society, and following it a most enjoyable reception was given by Governor and Mrs. Locke Craig to Ambassador Jusserand and the officers of the association.

Ambassador Jusserand will leave here tomorrow afternoon for Washington.

## PRESIDENT WILL VISIT THE SOUTH

**To Spend Ten-Day Vacation in Dixie During the New Year Holidays.**

## MAY COME TO WILMINGTON

**To Avoid Shaking Hands With Thousands of People at the Annual White House Reception He Calls It Off.**

Washington, Nov. 21.—There will be no New Year's reception at the White House. President Wilson said today that during the holiday recess of Congress he would take a ten-day vacation in the South.

The New Year's reception is one of the best established historic institutions connected with the White House.

No predictions were made by White House officials as to what the President would do for the succeeding New Year's day of his administration, but it is known President Wilson is opposed to the physical ordeal of shaking hands with the thousands.

The President will go South to some quiet place where he can play golf and enjoy the seclusion and privacy of which he is so fond when on a vacation.

Numerous invitations have been received for the President to go to places in North Carolina, South Carolina and Georgia. He has accepted none thus far.

**HONORS TO FOREIGNERS.**

**In the Feature Event of Afternoon at Horse Show.**

New York, Nov. 21.—Chief honors went to foreigners in the feature event of the afternoon programme of the National Horse Show at Madison Square Garden today—the trial of hunters over the water jump, a leap at first of 15 feet and finally widened to 18 feet. Twenty-three horses were exhibited.

First prize went to Romeo, exhibited by the French government and ridden by Lieut. LeMarquis D'Orgeix, second to Ramuncho, owned and ridden by Chevalier Edward De Selliers de Granville, Belgium.

The Alfred B. MacLay cup for hunters was won by Lansdown, exhibited by Gerald T. Hanley and ridden by F. Ambrose Clark.

Princeton, N. J., November 21.—Before leaving for Cambridge this afternoon to witness the football game tomorrow the Princeton football men who have played against both Harvard and Yale gave the victory to Harvard by a 13 to 1 vote. The one dissenting oice was that of Captain Baker. Only on man predicted that Harard would score a touchdown.

## COTTON COMMITTEE REPORT

**Appointed by New York Cotton Exchange to Look Into Changes of Grades, Etc.—Recommends Several Revisions.**

New York, Nov. 21.—The special committee appointed by the board of managers of the New York Cotton Exchange on October 2nd to consider the question of changing existing type standards and to inquire into conditions of trading in the local market, made its report late today. It recommended that the exchange adopt the standard types of grades and half grades of white cotton promulgated by the Department of Agriculture in 1909 for the classification of Gulf and Texas cotton, adding thereto one lower grade.

The committee further recommended that types of upland white cotton equivalent in grade should be prepared by the exchange to be used for the classification of upland cottons and that a determined effort be made to secure the co-operation of the Department of Agriculture and of Congress in having such upland types added to and made the government standard types for upland cotton, and adding thereto one lower grade.

It was recommended also that the government standard types be adopted with the additions noted to take effect beginning April 1, 1915. The committee stated that while advocating the adoption of the government standard types, it was nevertheless of the opinion that it would be better for the cotton trade generally if the standard types known as the international standard types could be substituted for the present government standard types. In the event that such substitution was made by the government on or before April 1, 1914, the exchange would adopt these international types, otherwise the present government standard types will be the trading basis on the exchange.

On the recommendation of the committee the board of managers has proposed an amendment providing for monthly revisions and also a rule that the giving of credit for speculative purposes should be prohibited.

The committee on Southern warehouses has been asked to endeavor to work out a practical method of delivery of cotton in the South.

The board also authorized the appointment of a committee to consider the subjects of spinning values of cotton in conjunction with the work now being done by the Department of Agriculture.

All of the recommendations will be considered at a special meeting of the exchange on December 2nd.

## LABOR FEDERATION ON INTERVENTION

**Position of President Wilson on Mexico is Rather Upheld.**

## THE SESSIONS AT SEATTLE

**International Peace is Favored—War on Brick Layers, Masons and Plasterers—Other Features of Meeting.**

Seattle, Wash., Nov. 21.—The American Federation of Labor today refused to adopt a resolution condemning armed intervention in Mexico. Instead the convention unanimously adopted the following resolution:

"American Federation of Labor condemns attempts being made by American and foreign corporations and certain jingo newspapers to force armed intervention by the United States government in Mexico and urges upon the President of the United States that the continuance of a policy looking to a peaceful adjustment of the conflict among the Mexican people."

John Mitchell took the floor and begged the convention not to hamper President Wilson. While he was a peace advocate he believed there were conditions that sometimes justified war within a Nation and between Nations.

President Gompers said the subject had taken much time of the legislative council which had listened to representations of both Mexican factions and had had much correspondence on the subject. He continued:

"President Wilson has approached this subject in a statesmanlike way. We ought to strengthen his hands in trying to find a peaceful solution of the problem; but I don't think we ought to enable Huerta to say organized labor will not permit intervention and that he may go on with his bloody record."

The Mexican question was brought up after the convention had adopted a declaration in favor of international peace, declaring:

"It is not lack of love of country which prompts the toilers to protest

(Continued on Page Eight.)

## Hearing American 'Phone Co.'s Case

**Vail Didn't Force Out Competition to Lower Rates But to Get Control of the Business.**

Chicago, Nov. 21.—Further information on the activities in 1912 of the American Telephone & Telegraph Co., to absorb 20,000 independent concerns was given today by B. G. Hubbell, of Buffalo, in the American company's hearing for violation of the Sherman anti-trust law.

Mr. Hubbell, who is president of the Federal Telephone & Telegraph Co., said he thought the motive of the American company was to eliminate costly competition.

The witness also told of an effort by the American company to retain control of the Stromberg-Carlson, of Richester, N. Y., reputed to be the second largest manufacturers of telephone supplies in the country.

Mr. Hubbell was asked on cross examination whether Theodore N. Vail's plan for a division of territory between the American and Independent companies had not been to effect a saving in operating the telephone systems of the nation.

"Partly," he said, "but back of the idea I think there was no particular intention of reducing the telephone cost to the public. In a word Mr. Vail's point was that competition in some districts was too severe and he was desirous of eliminating that competition."

## OUTLINES

George McGuire admitted in the John Doe proceedings in New York yesterday that he and Charles F. Murphy, Jr., a nephew of the Tammany boss, were partners in the bonding business.

Hearing of the American Telephone & Telegraph Co., plea that they are not operating as a trust were resumed in Chicago yesterday. At witness testified that Vail of the Western Union, didn't crowd out competition in order to reduce prices as was claimed, but because competition was getting too severe.

The American Federation of Labor in session at Seattle declined to adopt a resolution condemning armed intervention in Mexico but upheld the position of President Wilson and declared for international peace.

President Wilson has announced there will be no White House reception on New Year's day as has been the custom for years and years. He is human and objects to that painful ordeal of shaking hands with thousands of people. He will spend ten days in the South instead.

The relations of America and Mexico remain about the same. The Madero brothers were transferred from the American consulate at Vera Cruz to the battleship Louisiana.

New York markets: Flour steady. Wheat easy; No. 2 red 97 1-2 to 99; No. 1 Northern Duluth 96. Corn easy, 82 1-2. Rosin steady. Turpentine firm. Money on call steady 2 3-4 to 3; ruling rate 2 7-8; closing 2 3-4 to 2 7-8. Spot cotton quiet, middling uplands 13.60; middling gulf 13.85.

## SUDDEN DEATH OF WELL KNOWN MAN

**Inter-State Commerce Commissioner Marble Victim of Acute Indigestion.**

## BURIED IN SAN FRANCISCO

**Was Taken Sick While Conducting Investigation of Anthracite Coal-carrying Roads in Philadelphia—Journalist.**

Washington, Nov. 21.—John H. Marble, a member of the Inter-State Commerce Commission, died here tonight following an attack of acute indigestion by which he was stricken yesterday in Philadelphia.

Mr. Marble's death came unexpectedly, not even the members of his family being warned of the approaching end. Mrs. Marble and their 18-year-old daughter, who had been almost constantly at the bedside since yesterday, were not in the room at the time, the family physician having just been called.

The commissioner returned here from Philadelphia last night where he had been conducting the commissioners' investigation of anthracite coal-carrying roads. He had been taken suddenly ill and his condition was so serious that it was decided to postpone the hearings and bring him home.

He stood the trip well and apparently was much improved when he reached home. The physician was called, but apparently there were no indications that the patient's condition was dangerous. Improvement continued until this evening, when Mr. Marble was attacked with nauseating spells. He died at 7:30 o'clock.

**Washington Shocked.**

The news shocked Washington officials, particularly Mr. Marble's associates on the commission. Funeral arrangements had not been completed tonight, but the body probably will be taken to Mr. Marble's old home in San Francisco for interment.

Mr. Marble had been connected with the Inter-State Commerce Commission for a number of years. He first came here in 1906 as confidential clerk to Commissioner Franklin K. Lane, now Secretary of the Interior. Shortly afterward he was made attorney in charge of division of prosecutions.

Later he was appointed secretary of the commission and acted as its legal adviser. He succeeded Mr. Lane when the latter entered President Wilson's cabinet and had been active in the commission's cases, particularly its criminal prosecutions. During the Lorimer investigation in the Senate he was given a leave of absence to appear as counsel for the investigating committee. Mr. Marble was 46 years of age and before coming here practiced law and engaged in newspaper work on the Pacific coast. He once was a linotype operator.

## MORRISON NOT A CANDIDATE

**Not for U. S. Senate Anyway—Doesn't Believe Anybody Can Beat Overman—C. A. Webb Calls on McReynolds.**

(Special Star Telegram.)

Washington, D. C., Nov. 21.—Cameron Morrison, of Charlotte, said today that he is not a candidate for the Senate to succeed Senator Lee S. Overman. Not only that, but the Charlotte man says he does not believe that any one will defeat the junior Senator.

"I am not a candidate for the Senate," said Mr. Morrison. "I think Senator Overman should be re-elected and I believe any one who runs against him will be defeated."

Mr. Morrison said he had heard of the letters being sent out by former Governor Glenn, asking "advice" as to the advisability of his being a candidate against Mr. Overman. It is understood that Mr. Morrison himself was honored with one of these letters.

**Webb Calls on McReynolds.**

State Chairman Charles A. Webb called on Attorney General McReynolds and talked over the marshalship appointment. Mr. McReynolds told Mr. Webb that he would make the appointment immediately after the Fall term of the Federal court adjourns.

W. C. Hammer, who has been recommended for the district attorneyship, did not arrive today as was expected. It is said he will be here either tomorrow or early next week.

Representative Webb within a short time will recommend Hunter Patterson for postmaster at King's Mountain and J. R. Rankin for Gastonia. Mr. Webb has secured the appointment of Samuel B. Crocker as rural letter carrier from Grove.

**Luck for Major Stedman.**

President Wilson with his "Black Cat" and his ever conspicuous "13", has nothing on Major Stedman when it comes to shooing the hoodoos away. The Major was today presented with the left hind foot of a Chatham county rabbit, said rabbit having been captured in a negro graveyard at 11 o'clock at night, and when the moon was "right." The rabbit's foot is mounted with silver and bears the initials of the Greensboro man. It was presented by Mrs. A. V. Budd, of Durham. In a letter to the fifth district Congressman, Mrs. Budd says: "As President Wilson has the Black Cat and No. 13, you must have the left hind foot of a Chatham county negro graveyard rabbit. Success is yours in all things. It guarantees good luck."

Thos. E. Cooper, of Wilmington, called on Secretary McAdoo today.

W. H. Wood and Cameron Morrison, of Charlotte; W. H. Cobb, of Wilmington, and J. Crum, of Denmark, are here. P. R. A.

## TUCKER ATTACKS MONROE DOCTRINE

**In Address Before Pan-American Conference Held at Clark University.**

## DEFENDED BY SEVERAL OTHERS

**General Discussion of America's Relations With Countries of Latin and South America—Protection of Panama Canal.**

Worcester, Mass, Nov. 21.—The Monroe Doctrine was attacked and defended at today's sessions of the Pan-American Conference at Clark University. George F. Tucker, of Boston, author of books on South American Affairs, urged that the words "Monroe Doctrine" be given up and a policy of Pan-American defense adopted. Prof. Hiram Bingham, of Yale, expressed similar views.

Charles H. Sherrill, former American minister at Buenos Ayres, suggested that in case the United States intervened in Mexico, Argentine or some other South American country be invited to join.

Rear Admiral French E. Chadwick, U. S. N., retired, declared that while the relations of the United States to the larger Nations of South America should be as an equal among equals, the question of the Caribbean, the Gulf of Mexico and that part of the Pacific bordering Central America had a different status.

"Under no circumstances," said he, "can we brook any attempt on the part of foreign Nations to secure new footholds in these regions. The protection of the Panama canal demands such an attitude."

**Callahan Takes Issue.**

Professor James W. Callahan, of West Virginia, defended the Monroe Doctrine, saying it had aided the people who were struggling to free themselves from conditions imposed by European politics and had prevented the partition of Latin America.

The conference ended tonight with two addresses. W. B. Boyce, publisher and author, spoke on "The Advantage of Making the Panama Canal Zone a Free City, and Free Port," and John Hays Hammond, the mining expert, discussed "The Development of Our South American Trade."

Dr. Tucker, in urging the abandonment of the Monroe Doctrine, said:

"If the Monroe Doctrine is asserted to any further extent, the Catholic spirit of the patriot and not the inflamed temper of the jingist should be brought to the settlement of the differences. Even those South Americans who don t fear our imperialism realized the selfishness of the Monroe Doctrine and it makes them dislike and mistrust our foreign policy.

"We owe it to ourselves to give up the words 'Monroe Doctrine' and to adopt a policy of Pan-American defense, which will enable us to secure the friendship and support of our neighbors in the Western Hemisphere, which will increase our influence for good among them, and will remove any handicap in the development of our foreign commerce."

**THEY ARE COMING!**

Philadelphia, Nov. 21.—William F. Baker, president of the Philadelphia National League baseball club, announced today that the "Phillies" would train next year at Wilmington, N. C. The advance guard will leave for practice February 24th and the entire team will remain at Wilmington until March 23rd. Games are planned with International League and New York State League clubs on the way home.

## Progressive Party Will Be Absorbed

**William F. McCombs Thinks Republicans Are Democrats' Ablest Foes. Not Going to France.**

Washington, Nov. 21.—William F. McCombs, chairman of the Democratic National Committee, after a conference today with President Wilson, announced that he believed the Republican party would be the chief rival of the Democratic party for the Presidency in 1916.

"The recent elections," said Mr. my conviction that much of the Pro-McCombs, "have served to strengthen gressive party will be absorbed either by the Democratic or Republican parties and that the next National political conflict would find the Republican party the principal opponent of the Democracy."

Mr. McCombs and the President discussed the general political situation for more than an hour, but the New York Democratic situation, the National chairman asserted, was not brought up.

As to his own future Mr. McCombs reiterated his declaration that he sought no public office and that he would not be the ambassador to France.

As to the chairmanship of the National Committee Mr. McCombs said: "I expect to be as active in politics as will be consistent with my business affairs."

Late in the day the National chairman talked with Attorney General McReynolds. Tomorrow he expects to meet other members of the cabinet.

## GEO. M'GUIRE WAS MURPHY'S PARTNER

**Confessed to Having Held Up Three Asphalt Companies for Big Contributions.**

## DIDN'T KNOW IT WAS A CRIME

**He and Young Murphy Agreed to Divide Profits Made on Bonding Business—Things Are Looking Bad for Some.**

New York, Nov. 21.—George H. McGuire, the Syracuse bonding agent for State highways and barge canal contractors, is a partner of Charles F. Murphy, Jr., nephew of the leader of Tammany Hall. He so testified today at the John Doe inquiry into highway graft. He said he had an agreement with Murphy to divide all the bonding business they obtained.

Further McGuire confessed to having attempted to "hold up" at least three asphalt companies for $5,000 contributions to the State Democratic committee, in return for State highway contracts. McGuire was to get a commission of one cent a gallon for all the asphalt the companies sold to the State or to contractors, he said, and the companies were to charge the contributions against the commission.

Two of the companies—the Warner Quinlan Company and the Union Oil Company of California—did not contribute, he said. Whether the third, the Barber Asphalt Company, contributed, McGuire said he did not know but the Barber company got the contract. He said he had received $1,250 from Arthur S. Johnson, sales agent of the Barber company, but insisted that this was not commissions but money given him as campaign contributions to Governor Sulzer.

Last year he received commissions on sales made to the State by the Alston Cement Company, the Dryden Cement Company, the Kentucky Rock Asphalt Company, and the Knickerbocker Cement Company, he testified.

McGuire again denied that in company with his brother, James K. McGuire, he had seen Governor Sulzer and John N. Carlisle, commissioner of highways, at Cooperstown, N. Y. July 5th, and discussed specifications under which the Barber Asphalt Company would obtain State contracts to the exclusion of all other companies.

**Suggested Contribution.**

McGuire admitted having "suggested" to a representative of the concern that it make a $5,000 campaign contribution to the Democratic State committee in return for getting a State contract.

"Did you know it was a crime to solicit these contributions?" asked District Attorney Whitman.

"I never knew it was a crime to solicit these commissions," replied McGuire.

In regard to his association with Charles F. Murphy, Jr., in the bonding business, McGuire said he had an agreement with the Tammany leader's nephew which embraced a division of expenses and commissions on the bonding of all barge canal, State highway, subway and aqueduct contracts. They both represented the United States Fidelity & Guaranty Company, and last year they had obtained about 25 per cent of State highway bonding business.

Edward P. Bugard, a Buffalo contractor and chairman of the Democratic general committee of Erie county, testified today that he had a $2,500,000 State barge canal contract. He had contributed $1,000 to the Democratic State committee in 1911 and in 1912 had turned over $6,000 as contributions from other contractors.

Three more State contractors testified today to having given campaign contributions to Everett P. Fowler, alleged Tammany "bagman." They were John H. Weidman, Charles O. McCumb and Guy B. Dickson, all of Syracuse and enrolled Republicans. They produced their checks amounting to $200 each and payable to Norman E. Mack.

All declared they would not have given the money if it had not been for their State contracts. The inquiry will be resumed Monday.

**HIS TOWNSPEOPLE WITH HIM.**

**Oliver Says Reidsville Doesn't Endorse Simmons' Action.**

(Special Star Telegram.)

Washington, D. C., Nov. 21.—Before leaving for home tonight, John T. Oliver, whom Senator Simmons prevented from being postmaster at Reidsville, said that it was most gratifying to him to know that there was not over a dozen people in Reidsville, including men, women and children, both white and colored, who were glad of his defeat.

"I think I am conservative when I say that I do not believe there are over a dozen people in Reidsville who, deep down in their hearts, favor Senator Simmons' action in preventing my confirmation as postmaster," said Mr. Oliver.

**Travis in Washington.**

Corporation Commissioner E. L. Travis was before the Inter-State Commerce Commission today to ask that no unnecessary delay be had in putting into effect the newly made rates for North Carolina. This action was taken because the Virginia cities have filed a protest against the rates being put into effect on the ground that they discriminate against Virginia. P. R. A.

Monday, November 24th, from 10 to 10:30 o'clock will sell $1.50 to $2.50 hats at 50c each for thirty minutes at Rehder's November Sale. (advertisement.)

Best Fruit of the Loom Bleaching, one yard wide, 10 yards for 75c, Monday at Rehder's November Sale. (advertisement.)

Saturday is always Kid Glove Day at C. H. Fore & Co. (advertisement.)

# HARVARD AND YALE WILL CLASH TODAY

### Thirty-Fourth Game Between Two Teams — Weather Man Reticent for Today.

## OTHER GAMES OF INTEREST

**Today's Games Will Decide Many Championships Both in North, South and West—A Few Games Thanksgiving.**

Boston, Mass., November 21.—Not in years has Boston shown the stress that prevails on the eve of the 34th game between the football elevens of Harvard and Yale Universities at Cambridge Stadium.

The gridiron battle of tomorrow apparently is held by Bostonians and their guests to be the one event worthy of strious consideration. Even the question of weather conditions for the game is temporarily of far more imporfance than any utlimatum that Huerta may release in Mexico City.

Incidentally the weather man is just as diffedent about disclosing his intentions as is the Mexican President. With more than 50,000 football enthusiasts awaiting his selection of atmospheric conditions he coilly admits that it may be warm and clear tomorrow afternoon, or cold and rainy. However, hi dubious forecast has failed to check the scenes of gaiety that are a feature of the Harvard-Yale game played in the Cambridge Stadium once every two years. Boston and the adjacent college city are seething tonight with hopeful celebrators. The Blue of Yale, ad the Crimson of Harvard, decorate every available point of vantage in and about the Hub.

**Tickets Selling High.**

Ticket speculators are receiving from $35 to $50 for a pair of a few seats in their possession and every one of the 47,000 persons who expect to witness the game, appears to be anxious to wager "just a trifle" on the outcome. Odds range from 10 to 7 to 2 to1 on Harvard with a preponderance of Crimson currency in sight.

The squads of rival gridiron gladiators are sequestered in quiet quarters outside the excitement zone. The Yale team is spending the night at Auburndale and an air of confidence pervades the temporary quarters of the Elis. This feeling was accentuated by the speed apparent in the practice of the Blue eleven in the Stadium today.

Harvard's 'Varsity has hidden itself within the domain of the Vesper Club on an island in the Merrimac river near Lowell. Aside from a little golf and a short signal line-up, it has been an uneventful 24 hours for them.

The coaches and trainers of both teams reports their charges ready for the game.

The probable line-up follows:

| Harvard | Position | Yale |
|---|---|---|
| O'Brien | LE | Avery |
| Storer (Capt.) | LT | Talbot |
| Hitchcock | LG | Ketcham (Capt) |
| Trumbull | C | Marting |
| Pennock | RG | Pendleton |
| Gilman | RT | Warren |
| Hardwick | RE | Carter |
| Logan | QB | Wilson |
| Mahan | LB | Ainsworth |
| Bradlee | RB | Knowles |
| Brickley | FB | Dunn |

**Climax of Season.**

New York, November 21.—The Harvard Stadium is the mecca toward which Eastern football followers will turn tomorrow. There will come the climax of the gridiron season—the meeting of Harvard and Yale.

For more than a week the alumni of the two universities have been gathering in Boston and tonight the thousands were augmented by the advance of the entire Yale under-graduate body from New Haven.

In place of the early season hope of holding Harvard to a low score victory, Yale now believes that her team has an excellent chance of defeating the Cambridge combination. That the Yale eleven is one of great possibilities is evidenced by the way it found itself in the contest with Princeton a week ago.

Harvard's progress on the other hand has been steady and without support feature and the Crimson goes into the game tomorrow with a season's record unmarred by defeat. Except in the contest with Princeton, played on a slippery, water-soaked field, the full strength of the Harvard combination has not been tested. In her eight games, Harvard has rolled up 210 points to her opponents' sixteen.

Compared individually the Harvard players do not appear as formidable against the Yale eleven as the team work would indicate. Of the two back fields the Crimson quartette is undoubtedly the strongest and more versatile.

Against Princeton, however, the Harvard line developed unexpected weakness.

That the teams will play a hard fast game from the opening whistle is expected by both universities.

Yale's greatest opportunity, it is generally conceded, lies in the possibility of upsetting the Crimson's deliberate and machine-like play and savage attacks and tackling early in the game. Should such an onslaught fail, the slow and sure methods of the Harvard eleven, so uniformly effective in previous games, are expected to try the Yale defense sorely.

Aside from the Harvard-Yale game, interest among Eastern enthusiasts centers chiefly in the showing of the Army and Navy, which meet a week from tomorrow. Tomorrow the Army plays Springfield and the Navy New York University. Intense undergrade interest also centers in the Wesleyan-Trinity, Syracuse-Carlisle, Lehigh-La-Fayette and StevensRutgerts games tomorrow.

---

Atlanta, Ga., Nov. 21.—The climax of an unusually brilliant season of play on Southern gridirons will be reached tomorrow, when Auburn and Georgia meet here to fight out the question of the championship of the S. I. A. A. Experts predict one of the hardest contests witnessed in the South in recent years.

Confidence, tempered by the realization that victory will be won only through desperate fighting tonight pervaded the rival camps. Betting here was light with the odds slightly in favor of Auburn, based on the Alabama team's superiority in weight.

There is apparently little to choose between the two teams. It is pointed out that the style of play of the elevens practically is identical and that whatever points of superiority one may possess are counterbalanced by equally important advantages held by the other.

Auburn's full squad, led by Coach Donahue, arrived here tonight while Georgia's eleven, headed by Coach Cunningham, will not reach here until tomorrow morning.

Other games in the South tomorrow are:

V. M. I. vs. Roanoke, at Lexington, Va.

South Carolina vs. Charleston, at Charleston, S. C.

Tulane vs. L. S. U., at Baton Rouge, La.

---

Chicago, November 21.—Tomorrow's games will wind up the football championship campaign in the Central States. Leading in the race for the Western Conference title, Chicago must defeat Wisconsin to have her honors unchallenged. Should Wisconsin win she will claim an equal standing with Chicago and Minnesota in the race.

Tomorrow's games include:

Wisconsin vs. Chicago, at Chicago.
Minnesota vs. Illinois, at Nrbana.
Purdue vs. Indiana, at Bloomington.
Iowa vs. Nebraska, at Lincoln.

# ..Theatrical..

**"Shepherd of the Hills Today."**

The Academy will have open house today, offering the decidedly popular drama, "The Shepherd of the Hills," at matinee and night. Both events will prove popular with Wilmington folks, especially the matinee, when bargain prices, 25 and 50 cents, will prevail. Seats for tonight's performance can be reserved at Bunting's

"The Shepherd of the Hills," the dramatization of Harold Bell Wright's novel, holds the record for the largest sales of any American work of fiction. The scenes of the play are laid among the Ozark Mountains of Missouri. It is a story of the hills and the simple life, yet it has plenty of excitement and an air of mystery that will hold the auditor from beginning to end.

The story has to do with the father of an artist, who tired of city life, goes into the Ozarks for peace and quietude. He learns of a grievous sin committed by his son, whom he mourns as dead. The son had visited the hills some years before, when he fell in love with a simple country girl. He painted her picture and when he went to the city, deserting the girl, he earned fame because of the canvas. The girl deserted and broken-hearted dies leaving behind her a half-witted son.

It is to the home of this dead and wronged girl that the father of the artist comes, and here he is employed to watch the sheep. He grows to love the country and its people, and he and the half-witted boy, Pete, become friends. Then there is a love story running through the play that adds to its attractiveness. It is the love of a young giant of the hills for Sammy Lane, a girl of unusual qualities.

**Noted Colored Show Next Wednesday.**

Mirth, melody and music will hold high carnival at the Academy for matinee and night, next Wednesday, when Rogers & Creamer's Negro Players of America present the latest musical success, "The Old Man's Boy," and seats will be on sale at J. Hicks Bunting's drug store Monday morning.

The play is said to be intensely funny and to possess rare charm of originality, while the scenes and situations follow one upon the other with naturalness and unique humor, they captivate the audience. Few colored comedies have embodied in them so many delightful melodies, and the attention of the listeners is absorbed from beginning to end.

**Norman Hackett Thanksgiving.**

One of the strongest of the attractions booked for the Academy of Music this season will be the new play, "A Double Deceiver," the vehicle in which Norman Hackett, the popular young actor, is starring and which will be offered Thursday—Thanksgiving Day—afternoon and evening, at that playhouse. "A Double Deceiver" is founded on the well known story by the late O. Henry, "A Double-dyed Deceiver," and is the second of his stories to reach the stage, the first having been "Alias Jimmy Valentine." It is described as a charming, romantic comedy drama, with scenes laid in Texas and South America, regions affording fine opportunity for effective stage pictures which has been taken full advantage of. Mr. Hackett is said to have scored a pronounced success in the play. It has everywhere been received with marked favor and is confidently expected to duplicate its success with local theatregoers in this city.

**"Quo Vadis."**

Women and children are particularly interested in George Klein's mammoth photo-drama production, "Quo Vadis," which is to be the important attraction at the Academy of Music, Wilmington, for two nights and a matinee, commencing November 28th, with daily matinees thereafter. The women revel in the beautiful love story that is unfolded in the charming Sienkiewicz romance while the children appreciate its vast aid to their study of Roman history and take particular delight in the big spectacular features, the burning of Rome, the chariot races, combats of the gladiators and thrilling experience of the Christians when thrown to the hungry lions in the arena, and the grown-up children, the men, seem to enjoy it as much as their wives and offspring. It has a wonderful appeal to all society and is doing a remarkable business.

**All Roads to Bijou.**

Truly all roads led to the Bijou yesterday, and to packed houses this favorite theatre presented, according to the usual faultless manner of the Bijou, the big Warner feature, "The Ku Klux Klan." Yet as great, really wonderful as was yesterday's show, the Bijou will today offer a bill that will in every way be its equal and that will not only make up the biggest and rarest week-end show devotees of the movies have ever witnessed, but will bring to a glorious climax a week which has been unprecedented in the history of the Bijou for both artistic and financial triumph. The Bijou will head this superb bill today with another special two-reel release, thus bringing the week to a close with the biggest of films. This special release is one of the sensational novelties of the day. It is "The Domino Bondsman," and it will prove one of the greatest photo-plays Wilmington amusement-lovers have ever seen. There is also another wonderful success on today in "The Travelers of the Road." It is a story of continual excitement, in which card sharks, Gypsies, bandits, emigrants and cowboys play important roles. One of the strongest features of the Bijou these days is its solid comfort, while another is its ever tiny price of admission, which is 5 cents, both afternoon and night.

**Delightful Bill at Grand.**

The Grand has prepared a most delightful bill for today and which will, of course, be hugely enjoyed by the usual big week-end audiences. The Grand always strive to present the best, but on Saturdays it seems to go further than on other days. So today's bill can be looked forward to with a great deal of pleasure. The film list includes a special two-reel release, Selig's greatest and most pretentious effort, "The Conscience Fund." It is a tale of trust magnates. Therefore it deals with a timely and gripping subject. It is one of the best of all dramatic stories and a notable cast will appear. It is a brand new special release and the Grand is indeed lucky in securing it and the folks of Wilmington fortunate in having the rare chance of witnessing it.

This is only a starter, however, on today's bill, as another dramatic masterpiece will be offered in the Vitagraph's latest, "The Outlaw". It is a thrilling tale of a bandit and his daughter, of an ingrate and the dire vengeance wreaked upon the latter, after the outlaw has been killed by the sheriff's posse. It is a fine film of stirring action. The musical numbers will also be features at the cozy, handsome Grand this week-end.

# CAUTION!

The great popularity of ***the clean, pure, healthful***

**WRIGLEY'S SPEARMINT**

is causing unscrupulous persons to wrap rank imitations that are not even real chewing gum so they resemble genuine WRIGLEY'S SPEARMINT. The better class of stores will not try to fool you with these imitations. They will be offered to you principally by street fakirs, peddlers and the candy departments of some 5 and 10 cent stores. These rank imitations cost dealers one cent a package or even less and are sold to careless people for almost any price.

If you want ***Wrigley's*** look before you buy. ***Get what you pay for.***

## WILMINGTON OR GOLDSBORO.

**Will Probably Get the Other Postal Terminal Station.**

(Special Star Correspondence.)

Greensboro, N. C., November 21:—Greensboro has been selected as one of the five terminal stations for the parcel post systems of the United States. It is not known just how soon the station will be established. The Greensboro and Salisbury stations will be established first and will soon be followed by stations in Raleigh and Charlotte. The other station will probably go to Goldsboro or Wilmington.

## JUDGE SUTTAON LAID TO REST.

**Funeral Conducted from Residence in Fayetteville Yesterday.**

(Special Star Correspondence.)

Fayetteville, N. C., November 21.—Attended by the Cumberland court officers, bar and county officials, the funeral of ex-Judge Thomas H. Sutton, who died Wednesday, was conducted from the residence on Cool Spring street today, by Rev. Archer Boogher, rector of St. John's Episcopal church, assisted by Rev. W. R. Royall, pastor of Hay Street Methodist church.

The Superior Court, at which Judge C. C. Lyon is presiding, adjourned for the funeral services, which were strikingly impressive. The judge, Solicitor N. A. Sinclair, county officers and the Cumberland bar marched in a body to the residence and formed a line on either side of the walkway, between which the casket was borne to the hearse, which they followed in a body to the grave. Profuse and beautiful were the floral offerings. The pallbearers were: Honorary, Col. C. W. Broadfoot, Geo. M. Rose, Dr. J. A. McKethan, W. S. Cook. Active, Dr. J. V. McGougan, Major E. R. McKethan, F. D. Williams, H. McD. Robinson, W. L. Hawley, J. P. Cook.

The Cumberland county bar held a meeting this morning and appointed a committee composed of Col. C. W. Broadfoot, Messrs. H. McD. Robinson, H. L. Cook and J. G. Shaw, to draft suitable resolutions on the death of Judge Sutton.

## SEVERE PUNISHMENT

**Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.**

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

# WOULD DEVELOP 83,000 ACRES

**Drainage and Colonization Scheme is Proposed by Jones-Onslow Land Company—Surveys Are Being Made.**

(Special Star Correspondence.)

Newbern, N. C., November 21.—If drainage and civil engineers find that the land can be drained, and it is believed that this can be done, 83,000 acres of land located in Jones and Onslow counties and owned by the Jones-Onslow Land Company in which several local capitalists are interested, will be purchased by a company of Northern capitalists and after being drained will be cut up into farms and a colonization company formed to develop the land. S. F. Chapman, of Asheville, one of the gentlemen interested in the purchase of this vast tract of land, and R. L. Church and Charles Sargeant, of Baltimore, expert drainage and civil engineers, arrived in Newbern a few days ago and on the following day went over to the property in question for the purpose of making an inspection of it.

Mr. Chapman and Mr. Church have returned home but Mr. Sargeant is now on the scene making an investigation and he will continue this work until some definite decision has been reached in regard to the probable drainage of the land and will then return to Baltimore and make a report of his findings. The owners of the property are firm in the belief that it can be drained.

The tract is ten miles in width and 25 miles in length and lies between Trent and New rivers and White Oak river rises within its borders. Three railroads, the Atlantic Coast Line, John L. Roper Company and the Dover and Southbound traverse it. Sections of the tract are heavily timbered with some of the finest woods found in Eastern North Carolina, while other sections have been cleared and with a little preparation will be in readiness for farming.

The gentlemen who are behind the proposition to colonize that section have studied the soil and climatic conditions and from their observations have come to the conclusion that there is no better spot in Eastern North Carolina. If purchased, the land will be cut into small farms and every inducement made to get new people to locate there.

## COUNCIL GETS 30 YEARS.

**Three Homicide Cases Handled in Cumberland Court Yesterday.**

(Special Star Telegram.)

Fayetteville, N. C., November 21.—Convicted by a jury of murder in the second degree for the slaying of an old negro man, Frank Council, colored, was today sestenced to 30 years in the penitentiary by Judge C. C. Lyon, who declared in imposing the sentence that he should have been found guilty of first degree murder. Council was tried for killing Richard McAllister.

According to the terms of which an agreed verdict was reached by his attorney, John A. MacLean, Jr., and Solicitor N. A. Sinclair, Theodore Lucas, colored, was today convicted of manslaughter and sentenced to two years in the State prison. This was Lucas' second trial for killing Gilbert McDougald, a negro, the Supreme Court having granted the new trial after his conviction last Spring on second degree murder and a sentence of seven years, of which he has served several months.

New sentence will date from the first day of this term of court. Since killing McDougald Lucas' record has been exemplary. He was captured in Buffalo, where the hotel keeper who employed him thought so much of him that he paid the expense of his defense. In the penitentiary he has been a model prisoner, which operated in his favor when brought to a second trial.

The third homicide case handled by the Superior Court today, that of Hunt Hill, colored, charged with murder of Charlotte Murchison, a negro woman, July 5th, was given to the jury late this afternoon.

## BISHOP COPPIN TO NEGROES.

**Education, He Says, Is the Solution to Problems.**

(Special Star Correspondence.)

Kinston, N. C., November 21.—Bishop L. J. Coppin, of Philadelphia, a noted negro divine who is presiding over the North Carolina Conference of the African Methodist Episcopal Church now in session here, told the several hundred delegates and large number of local negroes who heard his conference sermon last night that education would be the means of solving many of the problems the race now in its industrial infancy has to contend with.

He intimated that the negro preacher as a class is not capable because of his lack of education. The bishop optimistically advised the race that its future holds bright things in store, and that the relationship with the whites was sure to be cordial because the latter are everywhere willing and aiding the negro in his advancement. The conference gave $3,000 yesterday for evangelical purposes.

## SPEAKERS ANNOUNCED.

**Partial List of Those to Lecture at the University.**

(Special Star Correspondence.)

Chapel Hill, N. C., Nov. 21.—A partial list of the speakers that will deliver lectures to the student body during the college year has been announced. The list includes Richard Thomas Wyche, president of the National Story Tellers' League; Dr. D. H. Hill, president of A. & M. College; Dr. Woods Hutchinson, medical specialist, and Dr. Joseph Holmes, director of the National bureau of mines. The aim of this lecture system, as provided by the University, is two-fold, that of affording both instruction and entertainment to the student body.

Rev. B. F. Huske, of Newbern, a graduate of the class of '03 of the University, delivered the monthly University sermon here Sunday. Mr. Huske is pastor of Christ Church (Episcopal), Newbern. His text was: "He shall glorify me; for He shall receive of mine, and shall show it unto you."

## MR. HENRY H. HYMAN DEAD.

**Well Known Edgecombe Farmer Dies at Coakley.**

(Special Star Correspondence.)

Tarboro, N. C., November 21.—Mr. Henry H. Hyman, a well known farmer of Edgecombe county, died Wednesday afternoon at his home at Coakley, aged 59 years. Five years ago he suffered a stroke of paralysis and since had been an invalid. Surviving are his wife and one son, T. Cherry Hyman, of Conetoe, and one daughter, Miss Mary Hyman, at home. The funeral services were conducted Thursday afternoon at the residence by Mr. S. S. Nash.

## RECEPTION AT A. & M.

**Annual Event of Biological Society Saturday Night—Trips.**

(Special Star Correspondence.)

West Raleigh, N. C., Nov. 21.—On Saturday night, at 9 o'clock, the Biological Society will give its annual reception in Patterson Hall. Various committees have been busy for the past week making extensive preparations for making this reception one of the biggest social events in the history of the college. A large number of ladies from Meredith College and Raleigh will be present. Music will be furnished by the college orchestra, which will appear in public for the first time this year. The orchestra was formed several weeks ago, and has made great improvement under the direction of Prof. Owen, of St. Mary's music department, who comes over several times a week at night to give instructions. The orchestra gives promise of being one of the best ever turned out at the college.

Prof. J. C. McNutt, of the Animal Husbandry Department, will take a large number of agricultural seniors to Chicago just after Thanksgiving to attend the International Live Stock shows in that city. This will be the fourth year Prof. McNutt has conducted this trip, which is deemed of great educational value to the students in his department.

Prof. H. E. Satterfield will take the Mechanical Engineering seniors on an inspection trip to Baltimore, leaving Norfolk after the game Thanksgiving, returning to the College about Monday.

## INTEREST IN ROAD BUILDING.

**Preparations Being Made for Bridge Over Cape Fear River.**

Mr. W. D. MacMillan, Jr., has been on a visit to his sister, Mrs. W. J. Martin, in Raleigh, and in the "As I Was A-sayin'" column of Thursday's Raleigh News and Observer appeared the following:

"In my section of the State there is great interest in road building," said Mr. W. D. MacMillan, Jr., of Wilmington, here on a visit to his sister, Mrs. W. J. Martin. Asked as to what was going on, he continued:

"We are making preparations and are having plans drawn for the erection of a bridge across the Cape Fear at Market street, Wilmington, this being an important step in the completion of the Charlotte and Wilmington Highway. A bond issue of $200,000 is to be voted for this bridge and road work, and in my opinion the bonds will be voted.

"There is a general feeling for good roads in our section, and Brunswick county is in line. That county will develop with good roads. When the bridge over the Cape Fear is completed this will stimulate the other counties to come forward and complete the highway between Wilmington and Charlotte. Columbus, Robeson and Brunswick are all waiting for its completion, and just as soon as that is done then I expect that good roads work in all that section will be given an impetus. And that means an increased development for all that part of the State."

## SPANISH GUN FOR A. & M.

**Piece Taken at Santiago Gets Place on Campus.**

(Special Star Correspondence.)

West Raleigh, N. C., Nov. 21.—An addition will be made to the A. & M. campus in the shape of a large gun which was captured from the Spanish fleet at the battle of Santiago, and has been for the past ten years in the Hall of History in Raleigh. This department will move its quarters to the new State building early in January, and there will be no place in the latter building for the gun which weighs 8,500 pounds, so it will be placed on the campus of the college in front of Holliday Hall, as there were a number of men, now graduates of A. & M., who fought in the Spanish war. There is also a large shot, an armor piercer of 12-inch diameter, weighing 998 pounds, which will be moved to the college campus with the Spanish cannon.

The second number of the College lyceum course will be presented in Pullen hall Saturday night when Mrs. Wm. C. Cailton, the noted monodramatist, will give a performance. Her selections will be from "Polly of the Circus."

## STOCK LAW FOR COLUMBUS.

**Petitions Being Circulated Asking for An Election.**

(Special Star Correspondence.)

Whiteville, N. C., November 21.—The stock law question for Columbus county is again being agitated throughout the county. A number of petitions setting forth the fact that Columbus and Brunswick counties, by the act of the special session of the last General Assembly, have been cut off to themselves, and that Brunswick county is to hold an election for "fence" or "no fence" during month of December, have been widely circulated asking for an election in this county, to be held not later than January 15th, 1914.

Messrs. E. B. Wright, of Boardman, Hugh MacRae and D. L. Gore, of Wilmington, all three of whom are extensive land owners in this county, are in favor of the election, and Dr. W. R. Davis, chairman of the board of road commissioners, is in charge of distributing the circulars calling for the special election.

## HOW CHARLOTTE DOES IT.

**Red Cross Seal Committee Will Rush Sales.**

(Special Star Correspondence.)

Charlotte, N. C., November 21.—A Red Cross seal committee was organized at a meeting this week and is planning a very vigorous educational campaign in the sale of these seals, which are sold to raise money to help carry on the tuberculosis work. Mr. J. P. Lucus, formerly editor of The Chronicle, was elected chairman, and Mr. C. W. Tillett, Jr., vice chairman. The committee will bring into cooperation members of the Woman's Clubs, Civic League, public schools, Y. W. C. A., Y. M. C. A., library and Associated Charities. The plan is to sell 150,000 seals and this number has been allotted to this city by the State Red Cross Seal Committee.

## FOOTBALL AT NEWBERN.

**Ghent and A. & M. Second Teams to Play Thanksgiving.**

(Special Star Correspondence.)

Newbern, N. C., Nov. 21.—Local football enthusiasts are looking forward to the game to be played here on Thanksgiving Day between the reserve team of the North Carolina Agricultural and Mechanical College and the team of the Ghent Athletic Association. These two teams met a few weeks ago on a local gridiron and resulted in the defeat of the Ghent team.

However, since that time the latter team have been putting in some hard practice and have added reinforcements and now feel confident of putting up a much better fight.

Take delightful trip to Fort Caswell and Southport Sunday. Steamer Wilmington leaves 9:30 A. M. Round trip 50c. (advertisement.)

## PLANNING ON BIG SCALE.

**For Unveiling of General Greene Monument at Guilford.**

(Special Star Correspondence.)

Greensboro, N. C., Nov. 21.—Plans for the unveiling of the Gen. Nathaniel Greene monument at the Guilford Battleground next July 4th, are already under way. It is expected to make of this the greatest patriotic celebration ever held in the State. President Wilson and many other prominent officials will be invited and are expected to attend. A programme of addresses in connection with unveiling will consume the entire day.

In a short time the model which is nearing completion will be inspected by a committee of the National Fine Arts Commission and a committee of the Guilford Battleground Company composed of President Paul W. Schenck, Congressman Stedman and Senator Overman. The memorial will occupy a site that has already been dedicated by the Battleground Company to the National government.

The owners of the battleground property are making considerable improvements in the appearance of the park. Fifteen acres have been sown in grass, and shrubbery planted to hide the more unsightly spots. Improvements will be made on the driveways. By the time the 4th of July comes next year it will look like a different place. This is the only Revolutionary battlefield that has been preserved in its entirety.

The Battleground Company has invited a number of schoars to submit inscriptions for the monument. Letters have been addressed to them, explaining that because of the prominence and permanence of the memorial it is desired that the inscription be in every way appropriate.

## DEATH AT BOARDMAN.

**Mr. and Mrs. W. R. McKeller Suffer Loss of Infant Son.**

(Special Star Correspondence.)

Boardman, N. C., November 21.—The many friends of Mr. and Mrs. W. R. McKeller, of this place, will be pained to learn of the death of their infant son, Adderson McMurray, which occurred Thursday night at 10 o'clock. The interment was at the Baptist church here. The funeral services were conducted by Rev. Mr. Bridgers, of Fairmont.

Mr. McKeller was assisting in the degree work in the Masonic lodge when the child died suddenly.

## HOW TO GET FAT.

**Use Samose, Says Druggist J. Hicks Bunting, and Put on Good Flesh.**

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restoring health.

Athletics, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Samose. This flesh-forming food is assimilated as soon as it enters the stomach; it helps the organs to assimilate the food and extract the flesh forming elements; it builds up the muscles and rounds out the limbs into shapely plumpness.

Samose has been so successful in making thin people fat and restoring the weak and run down to strength and health that J. Hicks Bunting, the popular druggist, sells it under his personal guarantee to refund the money if it does not benefit.

(advertisement.)

**PILES** are curable. All kinds mean suffering and danger. The CAUSE is always internal. Dr. Leonhardt's HEM-ROID tablets produce amazing results by attacking the INTERNAL CAUSE. The piles are dried up and permanently cured. 24 days' treatment, $1.00. DR. LEONHARDT CO., Buffalo, N. Y. (Free) box

Sold by R. E. Bellamy and all druggists.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

**THE MORNING STAR**, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

**THE SUNDAY STAR**, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

**ADVERTISING RATES** may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to readers of the paper, in the discretion of the editors.

**TELEPHONES:** Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

**COMMUNICATIONS**, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

**ALL DRAFTS**, checks, express money orders, and postal money orders, for the paper should be made payable, and all communications should be addressed to,
THE WILMINGTON STAR CO.

Saturday, November 22, 1913.

Many men who believe in fighting for their rights are not always in favor of fighting for the right.

A prince of good fellows doesn't appeal to an heiress who wasts to use her assets so as to get herself a title.

State-wide movements knit North Carolina closer togtther. North Carolina ought to know herself better.

The live wire of Pueblo, Colo., is George J. Knapp. It's just a little bit curious that Knapp has induced Pueblo to rouse up from its nap.

Never sit down and wait for the inevitable. Put it to the trouble of overtaking you while you are doing your best.

Nature does a great deal for some countries but the ill-nature of their inhabitants counteracts everything that nature has done.

A Wilmington man says when the "Phillies" come he will have one more excuse for getting away from business and one more for getting home about midnight.

Huerta cited Napoleon to justify his action in putting a quietus on the Mexican Congress and making himself the State. He seems to have overlooked what finally happened to Napoleon.

Whether to run and get left or whether to get left without running is what will worry many a political aspirant during the coming year. The man who is afraid to run will never get elected.

A New York woman challenges all comers to debate any question. Since she is described as both pretty and brilliant no man would stand any showing with the judges who are to decide the contest.

The man who has his back to the farm is making the mistake of his life, especially if the farm is in the trucking, fruit-growing, cotton-producing, yellow tobacco, and corn belt, of eastern North Carolina.

The Maximum of success compared with the ignoble minimum of failure in eastern North Carolina ought to impress every body with the flattering chances of success in this favored region of the most versatile State in the union.

The Governorship sometimes turns out to be a stepping-stone to something higher. Governor Tener, of Pennsylvania, has been tendered the presidency of the National Baseball League at a salary of $25,000 a year. This will furnish a new incentive to Governors to make a name for themselves.

At a meeting of the North Carolina Livestock Association in Raleigh a few days ago, several of the speakers were men who are making money in the business. None of them were from the cattle tick country and there was not a man present to point to any kind of success in the woods range area of eastern North Carolina.

"The book of the year" is what a publisher says about one just offered to the public. It is entitled "Theodore Roosevelt: An Autobiography." That means a sketch of Roosevelt by Roosevelt, and since it will be a pen picture of himself, it should be entitled "Half Scandal" since it is certain to contain nothing but self-praise. However, isn't it a bit mean of the New York World to suggest that the book by such an author probably is a sequel to "Every Man His Own Boswell?"

A scientist has discovered how a lightning bug produces light, a mystery which has puzzled all the ages. It is very simple and it is a wonder that some bonehead had not caught on to it a century ago. Here is the explanation: "The bug has within his being certain chemicals, luciferase and luciferin. Luciferase oxidizing on luciferin produces zymosis, of which light is the outcome." Of course, we know all about that part of it, but what worries us is how the deuce the bug makes its luciferase and its luciferin. This is very important for those who are seeking new methods for throwing light of the subject.

## COMING WILMINGTON'S WAY.

Everything seems to be coming Wilmington's way but we can make them come faster by working right up to this city's particular adaptabilities, so often emphasized by The Star. We must not only emphasize them all the more but organize a system and make each of those adaptabilities an asset. There are great possibilities in each of several potential factors that can be used in making a greater Wilmington.

Just at present progress is manifested in several of the advantages possessed by Wilmington. In other words, the city is doing quite well along certain lines, but while we can broaden the scope of each there is one special line in which the possibilities are greatest and which demand our special attention. That is along the line of manufacturing. We can and must make Wilmington more of an industrial city. We must increase Wilmington's pay rolls and enlarge the field of employment for the people who are here and for people who are to be attracted here, if we are not to be content with the normal increase of our own population simply by the increase in our immediate families.

Wilmington has some large and valuable manufacturing establishments, some producing outputs larger than the average factories in most cities, and it is quite a feather in Wilmington's cap that its manufacturing products and raw material output is worth not less than $25,000,000 annually. However, we should rapidly increase our output to a value of not less than $150,000,000 and so diversify our industries that our factories can give employment to all classes of earners and producers.

There are plenty of examples for Wilmington to follow along industrial lines. A recent article in the Manufacturers' Record indicates why Atlanta has become a city of 120,000 population and is rapidly growing into one of the South's largest and most important cities. It is not particularly on account of Atlanta's being a distributing point, but it is because Atlanta's adaptabilities for distribution have been taken advantage of. It is because Atlanta is using her distributing advantage for the purpose of making something to distribute. In short, Atlanta's progress is largely due to the fact that she has become a manufacturing city. It is a center of numerous pay rolls. That is the real secret. The mere capability for distribution with nothing to distribute would not make any place grow. It is getting down to work in doing a distributing business.

There are other rapidly developing Southern cities that are attributing their progress to manufacturing. There are Charlotte, Greensboro, Winston-Salem, High Point, Gastonia, Durham, and other cities in our own State that can be pointed to as illustrations. Then there is the hustling city of Houston, Texas. That city has just held a Made in Houston Show and it has attracted wide attention. It is attracting more industries to that city, and so it goes.

With such examples before us, let us make special effort to make Wilmington an industrial center—a city of pay rolls. The adaptabilities are here for it, and the raw materials are here and easily within reach by rail and water. All that is needed is the requisite initiative, the energy and the capital. We've got to make factories come Wilmington's way.

## THE LIVESTOCK ASSOCIATION.

The three days session of the North Carolina Live Stock Association closed at Raleigh on Thursday afternoon and it proved to be a most interesting one in the showing made for the development of the industry and the encouragement held out for the future. It is to be regretted that the attendance was small, but the Raleigh Times tells us that it was because the weather was so fine the farmers had to remain at home to harvest their cotton crops and prepare for their Fall planting.

The meeting has shown a growing appreciation of North Carolina's adaptabilities and advantages for the cattle and stock industry. Thursday, for instance, was swine and sheep day. Mr. George Evans, a native of Shropshire, England, now of the State Experiment Station, gave an excellent illustration of judging swine and sheep. Mr. R. W. Scott, an enterprising and intelligent farmer of the Haw River section, told of his experience in raising sheep. He kept 45 ewes this year and has had no trouble in selling all his lambs at ten dollars a head for breeding purposes and sells off his butcher stock at $5 a head. The tariff, he declared, did not interfere with his operations or prospects, because he has a home market for both his wool and sheep. There is a woolen mill at Leaksville and he either has his wool manufactured there or exchanges it for manufactured articles. He exhibited a splendid sample of North Carolina made blankets, weighing ten pounds, which he got in exchange for 19 pounds of his wool. He also exhibited trousers from cloth which was turned into wearing apparel by his industrious wife. His trousers, very excellent in quality, cost him 2 1-4 pounds of wool valued at 35 cents a pound, or 87 1-2 cents for the pants goods, exclusive of the home cast of cutting out and making the trousers. Among the articles he also showed were flannels for family use, a pretty parlor rug and a nice buggy robe.

This shows that in a way lots of North Carolina money can be kept at home. Neither the raw material nor the finished product left the county where it was produced. It added just that much wealth to the family and the county. During his talk on the subject Mr. Scott showed some beautifully colored photographs of the animals on his farm, including sheep, Jersey cows, turkeys, etc. His exhibit showed a good profit in sheep raising, even on a small scale.

Right here in Wilmington we get a good example at home. Representative George H. Bellamy, of Brunswick county, is a sheep raiser himself. He recently showed The Star some splendid blankets made from the wool produced on his place. He sent the raw material to the factory at Spray, and got it back in comfortable and durable North Carolina made blankets.

## SETTLING THE WASTE PLACES.

Getting new population into eastern North Carolina is one of the features of development that every county can take part in. They all have thousands of idle lands that await purchasers and developers. We can help to build Wilmington by joining any county in its efforts to attract home-seekers. All the population settled within the trade territory tributory to Wilmington means something to every business and manufacturing interest in this city, and while we can get people for Wilmington we can also get them for the surrounding territory.

The agricultural advantages of this section have attracted widespread attention and the inquiries from home-seekers are increasing at a rapid rate. The Star hopes to soon be able to refer to the coming of between 300 and 400 settlers in one bunch. It is estimated that several hundred families, mostly from the North and West, have settled in eastern North Carolina counties within the past year or two. They are attracted by the fine opportunities and splendid adaptabilities possessed by this section. Good roads will bring them faster, and it might be mentioned that they want to settle in territory where they won't have to go to the expense of fencing their crops.

## THE GROWING SOUTH.

As the year closes the railroads doing business in the South will show a largely increased tonnage over former years. It means that production in the South is greater, both in the factories and on the farms of the various States. There is not a single exception in any Southern State. It is a distinctly Southern chorus, with the South Atlantic leading the chorus.

During the first half of 1913, the railroads centering at St. Louis handled in and out of that city 26,680,815 tons of freight. This is the greatest record of freight in any one year of the history of St. Louis. St. Louis' receipts were 15,000,000 tons, and her shipments were 11,680,815 tons. This was an increase of 13 per cent. over 1912. Suppose this shows the increase generally in the South! What will it be when the Panama canal begins operations?

## CURRENT COMMENT.

North Carolina is now trying to get some business away from Virginia. We ought to get something since Virginia has been taking all of our football prestige so long.—Charlotte Chronicle.

Sesators Overman and Simmons will receive the approval of their constituents in their view that Congress ought not to adjourn until action is secured on the currency bill. That matter has hung fire long enough.—Raleigh News and Observer.

With a cottonseed oil mill and fertilizer plant, the opening up of a tobacco market here, and the new Durham and Southern road assured, Mt. Olive will enter upon another year with assurances of a larger and more substantial development.—Mt. Olive Tribune.

The cafes in North Carolina are not serving quail on toast this year. The law prevents. One is not permitted to sell or buy a bird. He may give them away, but he might give a cafe a dozen and if they are put on the bill of fare, the law is violated. The new law is more drastic than the prohibition act.—Greensboro Record.

The Wilmington Star has got into the habit, lately, of drawing good men and one of its latest results is in the person of Mr. James Parham, a newspaper man commonly described as "of parts." Parham is of the progressive type of journalists, combining progress with conservatism, and will form a new facet on the scintillating surface of The Star.—Charlotte Observer.

We congratulate High Point in interesting Mr. Bird S. Coler in the upbuilding of that place. He is debating the erection of an eight-story office building and is said to be also interested in High Point dirt. Which reminds us that had Greensboro used ordinary foresight we might long ago have had him as well as his railroad in Greensboro. Instead we preferred to vote bonds—less than half the voters being registered—to build another road that is still on paper and likely to remain there. Doing this had the effect of closing the door in the face of Mr. Coler and his interests. Some day we may grow wiser.—Greensboro Record.

The protest of the Virginia cities against the reductions on inter-State freight rates was expected, but the cause of North Carolina is so just that it is hoped the Inter-State Commerce Commission will give the Virginia cities no more consideration than they deserve. Those opposed to the reductions are urging that they would be a rank disregard of the fourth section of the inter-State commerce act, a section which the North Carolina General Assembly has declared to be economically unsound. So we have obligingly, right or wrong, furnished our competitors with a stick to hit us with. Happily the authorities before whom the objections were made are familiar with the matter at issue, and there is little cause to worry over a principle that the General Assembly it its wisdom declared to be unsound. —Raleigh Times.

In a Washington dispatch published Monday in which the possibility of the early establishmest of a factory for the manufacture of high-grade pottery is noted, Dr. J. A. Holmes, chief of the Bureau of Mines, calls attention to the great possibilities for a plant of this kind at Asheville. He also says: "There ought to be at some place like Asheville a pottery for high-grade ware like the Rookwood at Cincinnati, or those at Trenton, N. J." Few even of the Asheville people realize the extent of the kaolin deposits in the western part of the State. In dollars and cents it is probably the most valuable mineral mined. Still fewer people realize that our kaolin is of the highest grade found in America. There is also more of it in western North Carolina, it is said, than anywhere else in the United States. To those who have had knowledge of the kaolin deposits, it has long been puzzling why there should have been no factory for the manufacture of china.—Asheville Gazette-News.

## PRICE OF COMMODITIES.

To the Editor of The Star:

I notice in today's paper an article headed "Make Big Profits," and signed "Consumer." I beg leave to state that "Consumer" is greatly mistaken when he thinks that the merchants who sell provisions make a great deal of money, in fact, the greatest majority of the provision merchants, grocers, butchers, etc., barely make a decent living. Meredith quotations are misleading. I am willing to back this statement up with my bills and I buy as cheap as the next merchant. "Consumer" quotes sweet potatoes from 40 to 50 cents a bushel. The cheapest sweet potatoes I bought this season, October, 1913, cost me 70 cents per bushel and out of those I had to throw away between 1 1-2 and 2 bushels. I bought those potatoes from a responsible firm. White potatoes are quoted 85 cents per bushel. The prices I paid for white potatoes are as follows per 10-peck sack, 2 1-2 bushels. September $3; October $2.75; November $2.50.

I don't handle celery, so I don't know the wholesale price, but on request of customers I have placed orders with the markets and the prices of celery have been 10c each. Kindly allow me to show other differences in Meredith quotations of same date with "Consumer's" article. White peas is quoted $2.50 a bushel. I have been in business six years, but I have never paid less than $3 a bushel. Small pork is quoted 9 to 11 cents. I have bought eight hogs so far this season and I have paid 13c a pound. Eggs is quoted 28c per dozen, but I pay 30 and 32 cents a dozen by the crate. The other items quoted I handle not, therefore, I do not know anything about the prices.

"Consumer" states that apparently the merchants make from 60 to 200 per cent profit. If the merchants did they would be rich in a very few years.

If "Consumer" will show me one rich man who made his money selling groceries, I will show him 100 who either lost money or is barely making an existence.

According to rule one bushel is 32 quarts. Did "Consumer" ever take one bushel of potatoes and measure it out by the quart; if he did he knows how much he loses. What causes the high cost of living? It is not the pitiful profit the grocer makes; it is the fast living, the credit system and such like.

There is hardly a day passes that some colored woman does not come into my store and tell me that she has been washing or cooking for some family and that the lady of the house told them to return for their money in a few days and in several instances kept them running after their money until they were tired and lost their labor and money.

I think that people who are not able to pay a cook or wash woman have no business to employ one.

Did "Consumer" stop long enough to consider the expenses connected with running a business? I will mention a few, to-wit: Taxes, insurance, store rent, lights, telephone, breakage and repairs, goods given away, donations, etc., printing, stationery, books and supplies, delivery expenses, bad accounts, paper bags, wrapping paper and twine, wear and tear of fixtures, teams and wagon, ice, wages for proprietor, and in most of the stores advertising and clerk hire. It costs a merchant who is doing a fair amount of business between 15 and 25 per cent to do business. There are hundreds of stores here in Wilmington where the expenses more than eat up the profit and the owner work during the day and let his wife run the business. Of course, doing business that way is worse than foolishness, but it is done.

Does "Consumer" know that whenever there is any trouble the people mostly call on their grocer for assistance and advice and whenever their money is sent North, it is always the grocer that has to wait for his money and, if after waiting for his money a long time the grocer asks for it, the customers as a rule get mad, quit trading with him and in many cases fail to pay him?

This is not the case with the poor people alone; as a matter of fact the rich are worse. It is nothing for them to keep their grocer waiting from three to 12 months for their money.

If "Consumer" doubts this statement, let him call on some of the larger grocery stores and ask for a list of those who owe $50 or more and also a list of those whose account is 90 or more days due. It will give him a shock.

I have denied myself, my family and my creditors so that I could feed people who wear silk clothing and patent leather shoes. If "Consumer" wanted to know more about the grocery business and how much profit there is in it, I hereby invite him to call on me any Monday and spend the whole day behind my counter and he shall have an opportunity to see what I buy and what I pay and also the conversation I have with the different wholesalers. Not that it is any of his business, but I wanted to give him an eye-opener on business. Thanking you for giving me space, I am, Yours truly,

WM. CROWNSTREAM.

## SAFE BLOWERS AT CHADBOURN.

**Postoffice Broken Into and Robbed of Many Stamps.**

(Special Star Correspondence.)

Chadbourn, N. C., Nov. 21.—The postoffice at this place was broken into, the safe blown open and robbed of several dollars worth of stamps Thursday night.

Upon finding what had been done, Postmaster Britt secured bloodhounds and put on the trail of the robbers, which led off in the direction of Cerro Gordo, but up to this time no arrests have been made.

Mrs. McDaniel's store also was broken into, but nothing of value has been missed.

## CHARM HAS A HISTORY.

**Cut from Apple Tree in Virginia by Confederate Private.**

(Special Star Correspondence.)

Boardman, N. C., November 21.—Mr. R. L. Fields, superintendent of the planing mill of the Butters Lumber Company at Boardman, has a piece of apple wood, mounted in gold and used as a watch charm, that was cut from an apple tree in Virginia by a private in Mr. Fields' father's regiment, the 42nd, by the name of Turner.

You can get anything you wish in Towels and Toweling at C. H. Fore & Co. (advertisement.)

## SOUTHPORT DISAPPOINTED.

**At Florence Football Team's Failure to Show Up.**

(Special Star Correspondence.)

Southport, N. C., Nov. 21.—There was local disappointment here today over the failure of the Florence football team to get here for the expected game with the Fort team. The game had been advertised and a good contest looked for. There was some hitch in the Florence team not being able to leave, it was reported.

Dr. D. I. Watson has a lemon tree growing in his yard that has borne a fine crop this Fall. One of the smaller lemons weighed 25 ounces, and measured 13 inches in circumference.

The Hearndon Hardware Co., is a new local business house, it having bought the stock of the Robbins & Son, which lately closed.

## NEWBERN WANTS WAREHOUSE.

**Movement to Establish Tobacco Market is on Foot.**

(Special Star Correspondence.)

Newbern, N. C., Nov. 21.—There is a movement on foot in Newbern to erect and operate a tobacco warehouse in this city and the local capitalists who are interested in the project are exhibiting much enthusiasm over their proposed plans. During the past two years much tobacco has been grown in this section and the farmers are going to have a larger acreage next season. Stephen Whitford, of Vanceboro, one of Craven county's most progressive farmers, was in the city today returning home from Wilson where he had been to sell several hundred pounds of tobacco which was grown on his place this year. The weed was of an excellent quality and the entire lot sold for $1,000.

ECZEMA 25 YEARS FACE A MASS OF IT

**Says "Resinol Cured Me of One of the Worst Cases Anybody Ever Saw."**

Philadelphia, Pa., Sept. 20, 1912.—"I had eczema for the last twenty-five years, and have been afflicted so badly that for weeks I could not go outside the door. My face was one mass of pimples, and not only the looks of it but the itching and burning pains I experienced were just dreadful. I lost a great deal of sleep and had to keep dampened cloths on my face all night to relieve the pain. I had become disgusted with trying different things.

"One day I made up my mind to try Resinol, and after using one jar of Resinol Ointment, and one cake of Resinol Soap, I saw the difference, and now my face is as clear as anybody's, and I certainly don't need to be ashamed to go out. Resinol Soap and Resinol Ointment cured me of one of the worst cases of eczema, I guess, that anybody ever saw." (Signed) Mrs. C. Hellmuth, 5611 Appletree Street.

Try Resinol yourself and see how quickly the itching stops and stubborn eruptions disappear. Resinol Ointment and Soap are sold by all druggists. For free trial, write to Dept. 19-M, Resinol, Baltimore, Md.

# ROUSING PUBLIC MEETING OF THE COMMERCIAL CLUB

## Commissioner Frank Barry Outlines His Plans.

### More Manufacturing Enterprises One of Great Needs—Cheaper Electric Power for Small Plants.

Probably one of the most enthusiastic and largely attended meetings looking to the advancement of the material interests of the city and port that have been held in Wilmington in years was the public meeting in the Court House last night of the Wilmington Commercial Club, which was organized a few weeks ago and which has now, with the election of a commissioner and city builder, got down to real work for the upbuilding of the city.

Primarily, the meeting last night was held for the purpose of introducing to the members of the club and others of the city the commissioner and city builder, Mr. Frank Barry, formerly of Washington, D. C., who began his new and important work Thursday morning following his election to the position by the executive committee on Wednesday, and also in order that the man who will have charge of the actual work of the club might receive suggestions from the members of the organization, which he will serve.

President Chas. N. Evans presided and Secretary Meares Harriss and Assistant Secretary H. T. Bauman were present. It was a representative attendance of the business men of the community. Besides the members of the club there were present a number of visitors, as it had been advertised as an open meeting at which privileges of the floor would be extended to non-members as well as members. After calling the meeting to order President Evans stated that the executive committee felt satisfied that it had made a wise choice in the selection of Mr. Barry for the work of city builder. Mr. Barry, he said, came here and looked over the town before he conferred with the committee and was deeply impressed with the possibilities of the place, stating that he felt certain that with the backing of a live organization such as the Commercial Club will be that great things can be accomplished for this city in a few years. It will take hard, persistent work, and all cannot be accomplished in a day, but success will come, he said.

**Pleased With City.**

Mr. Barry arose amid hearty applause. He expressed his pleasure at seeing so large a gathering of the representative business men of the city and stated that in starting out the work in this manner it augurs well for the success of the club and those things for which it stands. Mr. Barry is not a stranger to Wilmington and this section and he impressed upon his auditors this fact. His forebears were from Virginia and he himself is a native of Missouri. He has passed through this section many times, he said, and was so deeply impressed with the country and its untold possibilities that he embraced the first opportunity that came to him to make his permanent home in Wilmington. He was pleased with the enthusiastic and cordial reception given him and declared that it is an inspiration and incentive to carry forward the work that is before him. He said that he felt that the people of Wilmington look at the matter in the light that while the town is growing it has not taken advantage of all the opportunities presented; that there is room for greater growth and this will come with the grasping of the opportunities now open to the city.

Mr. Barry disclaimed any purpose of "shocking" or stirring the people of the city to action; he asserted that this method would never accomplish anything; it is the voluntary and united efforts of the people that tell. Wilmington, he said, is growing, it has grown, he was informed, 15 per cent in the last three years. He predicted that the city would double its population in five years if all the people pull together as they do in other progressive cities. It is just like making money, this thing of increasing the population of a town, the more you get the more you want, and will get if the people work hard enough, he said.

Mr. Barry declared that it is his purpose, as the hired man of the Wilmington Commercial Club, to point out to the officers and executive committee all conditions that he thinks need remedying and to give suggestions as to how they can be remedied. If the officers are not favorable to the suggestions, he will look about for something else to call to their attention. His business, he said, is to find these conditions, point them out to the club with suggestions as to the remedy, and then be governed entirely by the pleasure of the club, through its executive officers.

He mentioned the fact that coming here as a stranger he will naturally see a great many things that pass the observation of those who have lived here for years. It is these things that he will consider it his duty to point out to the officers, recommending what he considers the remedies. His policy will not be to criticise the city, he said; the city is beautiful and has many advantages. He likes the place and expects to make it his permanent home, he said. He asked that the members of the club not let the fact that he had the misfortune to be born elsewhere militate against him in his work here.

Mr. Barry said that Wilmington has many possibilities and he doubted if many realized and then spoke of the commercial shipping which with a little wise handling could be developed to the point of being a very important factor in the community. The way to get this, he pointed out, is through the development of the agricultural section surrounding Wilmington. The climate and soil are adapted to raising many agricultural products not now attempted. The club should get the farmers interested, bring new farmers here to till the soil, and this will mean more business for the smaller towns with the result that there will be more commercial business in Wilmington.

**More Factories Needed.**

He then pointed out that one of the greatest needs of the city is more manufacturing enterprises. In his opinion, this city should be made quite a manufacturing as well as commercial center. One of the purposes of the club will be to attract new industries to Wilmington and he briefly outlined his plan for bringing them here, the work being through committees named for this purpose. One will be to secure sites, others to set forth the advantages as to climate, health and sanitary conditions, water supply, both for drinking and commercial

(Continued on Page Six.)

# SPLENDID YIELDS OF CORN

### Names of Those Who Contested for Prizes in New Hanover, Pender and Brunswick Counties—Record for Girl.

Announcement was made yesterday by Mr. J. P. Herring, county farm demonstrator, of the names and yields per acre of those who competed for prizes in the recent corn club contests in New Hanover, Pender and Brunswick counties, these including not only the prize winners but all others who made report of their yields to the committee.

One girl entered the contest from Pender county and she made 50 bushels on an acre at a cost of 27 cents a busnel. Her name is Miss Vallie Raynor and lives near Wallace. The yield is considered very good indeed for a girl. There were 32 contestants reporting in New Hanover, eight in Pender and two in Brunswick. All made fine yields at small cost and shows conclusively that this is a fine corn-growing section.

Those entering the contests and reporting their yields to Farm Demonstrator Herring are as follows:

**New Hanover County.**

Vernon Kerr, R. F. D. No. 1, Wilmington, 56 bushels; cost of 49 cents.

Hosea Horne, R. F. D. No. 2, 64 bushels; cost of 37 cents.

Thos. O. Murray, R. F. D. No. 1, 113 bushels; cost of 28 cents.

J. W. Murray, R. F. D. No. 1, 112 bushels; cost of 11 cents.

William Blossom, R. F. D. No. 1, 60 bushels, estimated cost not given.

Henry Martindale, R. F. D. No. 2, 70 bushels; cost not given.

J. H. Blake, R. F. D. No. 1, 42 bushels; cost of 43 cents.

P. H. Rasberry, R. F. D. No. 1, county home, 136 8-9 bushels; cost of 14 cents.

R. G. Johnson, R. F. D. No. 1, 69 bushels; cost of 45 cents.

J. P. Walton, Jr., Seagate, 61 bushels; cost not given.

F. J. Dempsey, Wrightsboro, 109 5-8 bushels; cost of 22 cents.

James Southerland, R. F. D. No. 1, 30 bushels; no cost given.

Rex N. Kerin, Castle Haynes, 44 bushels; cost of 45 cents.

Addison Hewlett, Masonboro Sound, 96 1-2 bushels; cost not given.

D. K. Futch, Wrightsboro, 116 bushels; cost of 11 1-2 cents.

J. R. Hardee, Castle Haynes, 50 bushels; cost not given.

C. C. Smith, R. F. D. No. 1, 88 bushels; cost 17 1-4 cents.

Stacy McGowan, Wilmington, box 527, 71 bushels; no cost given.

J. O. Grimes, East Wilmington, 75 bushels; cost 11 cents. This was the third crop this year and the land was not broken until last January. The first crop, lettuce, brought $400, the second crop, beans, brought $100, and the corn $69. This makes $569 on one acre of new ground. Several others made three crops on an acre, but Mr. Herring didn't have full data on them, so no announcement was made of them.

J. Herbert Johnson, R. F. D. No. 1, 78 3-4 bushels; cost not given.

Melza G. Johnson, R. F. D. No. 1, 99 1-4 bushels; cost not given. This boy's yield was larger than some, but he did not give cost, which caused him to be eliminated from consideration as a prize winner.

T. B. Oldham, R. F. D. No. 1, 76 1-4 bushels; cost not given.

E. I. Herring, Wrightsboro, 84 bushels; cost not given.

H. C. Blake, East Wilmington, 86 bushels; cost not given.

Clarence Dempsey, Wrightsboro, 115 bushels, cost of 21 cents.

Raymond Rogers, R. F. D. No. 1, 43 bushels; cost not given.

Adolph Rogers, R. F. D. No. 1, 83 bushels; cost not given.

J. P. Herring, Jr., Masonboro Sound, 50 bushels; cost of 20 cents.

J. P. Herring, Sr., Masonboro Sound, 64 bushels, cost of 18 cents.

...oses Horne, Castle Haynes road, 79 1-4 bushels; cost not given.

C. F. Seitter, Sr., R. F. D. No. 1, 71 1-4 bushels; cost not given.

Eddie vanBavel, Castle Haynes, 54 bushels; cost of 39 cents.

**Pender County.**

Dozier Murray, Burgaw, R. F. D. No. 2, 120 84-100 bushels; cost of 11.7 cents.

J. W. Savage, Willard, R. F. D. No. 1, 86 bushels; cost of 24 cents.

Miss Vallie Raynor, Wallace, R. F. D. No. 3, 50 bushels; cost of 27 cents.

Edwin Wells, Willard, R. F. D. No. 1, 130 3-8 bushels; cost of 13 1-4 cents.

Sam T. Blanton, Wallace, R. F. D. No. 3, 42 bushels; cost of 27 cents. The lad wrote that he had been sick much of the time and could not cultivate his crop properly, consequently the yield was smaller than it would have been under more favorable circumstances.

Herbert Mills, Wallace, R. F. D. No. 3, 85 bushels; cost of 40 1-2 cents.

Kamer Raynor, Wallace, R. F. D. No. 3, 66 bushels; cost of 20 cents.

Ned L. Mills, Willard, R. F. D. No. 1, 95 3-4 bushels; cost of 31 cents.

**Brunswick County.**

A. W. Matthews, Ashe, 97 bushels; no cost given.

C. A. Russ, Shallotte, 72 bushels; no cost given.

## THANKSGIVING TOURNAMENT.

### Cape Fear Country Club Will Have Interesting Golf Events Here.

At a meeting of the greens committee of the Cape Fear Country Club yesterday it was decided to hold the usual Thanksgiving golf tournament. These events will consist of 18-hole handicap medal play tournament in the morning beginning upon the arrival of the 10 A. M. car, and mixed foursome nine-hole handicap contest in the afternoon.

Members of the club are requested to select their partners at the earliest possible date and report same to the captain of the greens, so that their handicaps may be completed. The handicaps for the 18-hole match in the morning have been completed, and will be posted within the next few days.

In addition to the tournament the club will give an oyster roast and bucket luncheon at 10 o'clock.

The greens committee also discussed the other tournaments to be held during the year. The schedule, however, was not determined upon fully, and will be announced at a later date. The captain of the greens also reported that several new golf players have come into the club, and that the outlook for a most prosperous season and many successful tournaments was excellent.

The question of getting matches with the Raleigh club and probably some of the other golf clubs of this section was discussed, but as yet nothing definite has been done in this direction.

# APPOINT Y. W. C. A. COMMITTEE

### Enthusiastic Meeting of Ladies Interested Yesterday Morning—Address by Miss Ada Sarkweather.

The movement for establishing a Young Women's Christian Association in Wilmington took definite shape yesterday morning at an enthusiastic meeting of nearly 200 ladies representing the various denominations of the city in the lecture room of the Y. M. C. A. building, and a temporary committee was appointed to look into the local situation carefully with a view to having Miss Ada Starkweather, city secretary of the South Atlantic Field Committee of the Y. W. C. A., return to Wilmington again in January to aid in forming a permanent organization.

Miss Starkweather was present yesterday at the meeting and made an inspiring address on the great work that the Young Women's Christian Association is doing in the various cities of the country. She is a woman of most charming personality and has her heart and soul in the work of helping young women to live nobler and better lives. Her address made a deep impression and her vivid portrayal of the need for such an organization here made all feel their individual responsibility in the matter and it was unanimously decided to begin active work at once looking towards the organization of a local branch in this city.

The meeting was called to order at 11 o'clock by Mrs. M. L. Stover, who introduced Miss Starkweather. Mrs. Stover stated that the first suggestion for organizing a Y. W. C. A. in Wilmington came from Rev. Andrew Howell, assistant pastor of the First Presbyterian church, at a meeting of the Ministerial Association last Spring. After conferring with a number of representative men and women of the city he wrote to the field committee asking that they send a representative here to look into the local situation. Mrs. Stover referred to the splendid work which Miss Starkweather is doing in other places, and called attention to the manifest need of a Y. W. C. A. here.

Following Mrs. Stover's brief introductory talk outlining the origin and history of the present movement, Miss Starkweather went into the details of the work that the Y. W. C. A. is doing, and spoke of the impressions which she had received since she had been in the city. She said that it was customary to get the membership first before organizing, and suggested that a committee of ladies representing all the denominations of the city, be appointed to take up the work of looking into local conditions, and also to ascertain if a sufficient enrollment could be secured to justify organizing the association.

Her suggestion met with the enthusiastic endorsement of all the ladies present, and the following committee was appointed: Mrs. M. L. Stover, Methodist; Mr. B. J. Willingham, Baptist; Miss Carrie Bowen, Christian; Mrs. Richard Price, Presbyterian; Mrs. E. K. Bryan, Catholic; Miss Mellie Cotchett, representing the business women of the city, and Mrs. J.M. Solky, representing the members of the Hebrew denomination.

These women will begin active work on the necessary steps for shaping the movement into something definite and tangible, and from the great interest that has been manifested by the people of Wilmington there seems to be no doubt but that in the near future Wilmington will take her place in the list of cities having a Young Women's Christian Association which will look after the moral and social welfare of young women.

Miss Starkweather will leave today for Augusta, Ga., where she goes to look after the organization of a local branch of the Y. W. C. A. in that city. She will return to Wilmington at such time as the committee in charge of the work think it wise, and it is expected that this will be some time in January.

## PITCH KETTLE BURNED.

### Smoky Fire on West Side of River Opposite Market Dock Yesterday.

The burning of a pitch kettle together with 30 barrels of pitch belonging to W. A. Martin & Co., on the west side of the Cape Fear river nearly opposite the Market street dock, made a smoky blaze yesterday afternoon at 2:30 o'clock. The loss was between $500 and $600 with no insurance. The fire was caused by a leak in the kettle. The fire boat Atlantic, was carried over, and the Wilmington firemen rendered efficient aid in holding the flames in check.

Thirty barrels of pitch had just been discharged into the bin before the fire broke out, and it is supposed that there was a leak in the kettle which had been unobserved, and as soon as the melted pitch was removed the flames broke through from the furnace.

The entire furnace and the pitch were destroyed, and made a lot of smoke which from the east side of the river looked like a most disastrous fire. There was no wind to amount to anything, and no trouble was experienced in keeping the fire from spreading. It required an hour or more for the pitch to be consumed. A steady stream of water was kept flowing upon it, but this had no effect in subduing the flames.

## JUSTICE HARRISS' COURT.

### James Maultsby, Colored, Acquitted of Seduction Charge Yesterday.

James Maultsby, a highly respected negro of Wilmington, was acquitted of a charge of seduction, in Justice Harriss' court yesterday. The charge was brought by a negro woman who had rented a room in the home of Maultsby. A case against Polly Bannerman, charged by her step-daughter with assault, was dismissed as satisfactory arrangements were made by which the girl was to be placed in the hands of other parties.

Alice Faires, colored, charged by Martha Gilmore, colored, with perjury, was discharged and the prosecutor taxed with the costs. The charge grew out of a case before Justice Fowler in which Martha Gilmore was charged with assault.

A case against Mr. E. L. Taylor, charged with speeding, was continued until Monday.

### Special Service Last Night.

A special prayer service was held last night at 7:30 o'clock in the interest of home missions in the reading room of Immanuel Presbyterian church, corner Front and Queen streets. Rev. J. S. Crowley, pastor of the church, is in his study at Immanuel Hall, No. 702 South Front street, every day from 12 to 1 o'clock for the purpose of conferring with anyone who may desire to see him.

For gloves, hosiery and underwear go to C. H. Fore & Co.

# STILL SEEKING PERMIT

### Seaboard Air Line Again Asked Council to Grant Right to Excavate Under Old Bridge—New One Demanded.

Still demanding that the railroads construct a new and adequate steel or concrete bridge over the railroad tracks at Fourth and Howard streets, at Hilton, the City Council, in conference yesterday afternoon, again turned down the request of the Seaboard Air Line for a permit to widen the central supports under the present wooden structure.

Members of Council take the position that if permission is given to widen the present bridge so as to get additional tracks under the bridge that then there will be no occasion perhaps for the Seaboard and Coast Line to jointly construct a new and modern bridge as they have agreed to do and which has been demanded for a number of years by the city authorities. They told the Seaboard's representatives at the meeting yesterday that if the railroads expect to carry out the agreement to provide a better bridge they could see no reason for carrying the new tracks under the present bridge, but on the other hand, if the railroads were in earnest they would carry on the work of laying the additional tracks with the construction of the new bridge.

Mayor Moore read to the Council a telegram which Hon. John D. Bellamy, local counsel for the Seaboard, received during the morning from Mr. W. D. Faucette, of the Seaboard at Portsmouth, asking that the Council grant the permit to widen the central supports so that they will be 27 feet apart. He stated in the telegram that the railroad would agree not to block traffic while the work was in progress.

The Mayor and Council had already agreed to abide by the opinion of the city attorney who advised that the city would be clearly in its rights to decline to grant the permit for the work as proposed and also suggested that if the permit was granted that it be subject to the filing of a bond by the railroads—the Seaboard and Coast Line—that the bridge would be constructed in a reasonable length of time—three, four or five months, or such matter. Members of Council take the view that if the railroads are sincere in their declaration to provide an adequate bridge just as early as possible they will not mind giving the required bond as a guarantee of good faith on their part.

Mr. J. B. White, local agent of the Seaboard, who was present at the conference yesterday, stated that the reason the Seaboard was so anxious to have this permit granted was in order to give the Atlantic Coast Line the additional track as provided for in an agreement between the two roads. The agreement, it is understood, sets forth the fact that the Seaboard is to build the additional track and lease it to the Coast Line for 10 years with privilege of renewal at the end of that time.

It was hinted at the meeting yesterday that the Council will next Wednesday pass a resolution condemning the present bridge as being dangerous and unsafe and requiring that the railroads immediately construct a new bridge.

## NOTHING TO REJOICE ABOUT.

### Henry Walters Not Optimistic Over the Commercial Outlook.

The following from Thursday's Savannah Morning News will be of interest in Wilmington:

"Henry Walters, the chairman of the executive committee of the Atlantic Coast Line, and prominent in other railroad corporations, sees in the present commercial outlook no cause for rejoicing.

"Interviewed at the union station yesterday Mr. Walters refused to express himself optimistically. 'Are conditions brightening up?' a reporter asked him. 'Not that I can see', was his laconic reply. 'I can see nothing to enthuse over in the present prospect.'

"When questioned further Mr. Walters said: 'What's the use of talking when you can't say something cheerful. Let's hope for an improvement. I suppose it will come in time. Traffic on the Coast Line is as good as could be expected under the circumstances.'

"Mr. Walters was asked to again deny the report that the Pennsylvania is about to absorb the Coast Line. 'I wish that report had never got started,' he said, 'It has caused me a lot of unnecessary vocal exertion in making denials. If there is anything to the report I don't know of it. And I think I might have an inkling if there was anything of the kind considered.'

"The directors of the Coast Line, headed by Mr. Walters, arrived here at 4:20 o'clock. Their special train was at the union station just 10 minutes. They are on their annual inspection trip over the system. After going over the line in Florida they will go into Alabama and it is hardly possible that they will find time to spend a day in Savannah on their return North.

"President T. M. Emerson expressed himself as being pleased with traffic conditions. 'Freights are moving satisfactorily, and I expect to see a marked improvement in a short while,' he said. 'Our Georgia business is particularly good, due principally to the bumper cotton crop. I think that within a few weeks business in general will begin to look up.

"'I never like to talk about panics. I am a great believer in the United States, and I feel certain that it is only a question of a short time before business will adjust itself to the new conditions that have been placed upon it, and then everything will move along satisfactorily. The directors are sorry they haven't time to stop over in Savannah, and they are hoping to be able to stay here a day on their return trip.'

"Mr. Emerson said the Coast Line had no plans for important improvements in this section. The Coast Line, he said, has done enough along this line in Savannah for the time being.

"Besides Mr. Walters and Mr. Emerson there were in the party the following directors: Michael Jenkins, Waldo Newcomer and Alexander Hamilton. E. B. Pleasants, chief engineer; Lyman Delano, assistant to the president, and J. R. Kenly, third vice president, were also in the party."

## THE RECORDER'S COURT.

### James Smith, Colored, Sent to Roads for 12 Months for Larceny.

James Smith, colored, got his yesterday in the shape of a 12 months' sentence to the county roads. He was charged with stealing about $50 worth of merchandise from Dlugin Bros., on Fourth street, Tuesday night. The circumstances were all against him, and he did not deny the charge. He worked a neat scheme on the proprietors by hiding in the store and allowing himself to be locked in. When the old town was wrapped in slumber he got a year's supply of gentlemen's wearing apparel and went out through a window. All would have been well had the clothing not been found hidden under an old house in Strauss' alley. Policeman Hall was "laying" for him, and when he went to get them Thursday afternoon he was nabbed.

Frank Jones, colored, who carried three chickens to the Market early Thursday morning, and was promptly arrested, was able to give a satisfactory explanation as to how he came by them, and was discharged. James Davis, colored, was fined $10 and the cost for violating the speed ordinance, and in default of payment went to the roads for 30 days. A case against Dick Graham, colored, charged with receiving stolen goods, was continued until today.

A nol pros with leave was taken in a case against Mr. C. E. Taylor, Jr., charged with running an automobile at night without a rear light.

## HURT BY AUTOMOBILE.

### Young Boy Has Narrow Escape From Death—Injury Not Serious.

Arthur Skipper, the young son of Mr. and Mrs. Asa Skipper, was badly bruised up by being run over by an automobile in front of the Bijou Theatre yesterday afternoon at 3 o'clock. He was taken into the store of Fleet-Davis Co., and Dr. E. J. Wood was called to make an examination of his injuries. He found that there were no bones broken, and he was taken to the home of his parents at No. 516 MacRae street.

The little fellow was coming home from school and started across the street just in front of the large touring car of Mr. M. J. Corbett which was being driven up Front street by his son, John D. Corbett. The Skipper boy was not seen until it was too late to stop the car before the front wheel struck him. He was knocked down, the wheel passing over his left arm and bruising the left side of his head. As soon as the boy was seen the emergency brake was applied and the car stopped quickly, thus preventing what undoubtedly would have been serious injuries.

## NEGRO WOMAN SHOT.

### Refused to Give Name of Assailant, But Neighbors Are on Trail.

Minerva Maybanks, colored, who lives at No. 811 Nixon street, was shot twice through the flesh of her left thigh with a pistol in the hands of a man whose name she said she did not know, about 12 o'clock Thursday night. Her wounds are painful but she will recover. A physician whom she also said she did not know, was called in to dress the wounds.

Report of the occurrence was not made to the police until about noon yesterday. Policeman Hall went out yesterday to make an investigation and the neighbors of the Maybank woman told him that the man who evidently did the shooting was in the room with the woman for some time Thursday night. They stated that Levi Bluford, whose wife was recently sent to the roads on a charge of perjury in connection with the Dupree murder trial, was seen to go into the house, and that later loud quarreling was heard, followed by the shots. The colored people in that section seem to be afraid of the man, and are aiding the police in their search for him.

### Will Have Office Here.

Mr. J. R. Kennedy, who was recently named as deputy internal revenue collector, has assumed his new duties. Mr. Kennedy will have his office in the postoffice building and will make Wilmington his headquarters, though, of course, reporting to the collector in Raleigh. The office now held by Mr. Kennedy was formerly held by a Raleigh man and the office was in that city. Mr. Kennedy is well qualified for the position and his friends have congratulated him upon landing the place.

My residence telephone, No. 307, was left out of directory in error. I still have 'phone under same number. Please add to your directory.

# SOCIAL & PERSONAL

Miss Frances Budd, of Petersburg, Va., is the guest of her sister, Mrs. J. VanB. Metts, at Carolina Heights.

* * *

Mr. William A. Faison, of Chicago, son of Dr. W. W. Faison, of Goldsboro, is visiting his aunt, Mrs. W. M. Shaw, No. 218 South Third street.

* * *

Siler City Grit: "Mrs. L. E. Thomas and two children, of Wilmington, arrived Saturday on a visit to Mrs. T. H. Lasater, at Ore Hill."

* * *

Miss Mary Wells, of Columbia, S. C., has arrived in the city and will be the guest for two weeks of Miss Madge Brand, on Chesnut street.

* * *

Mrs. Julia S. Jones and daughter, Miss Daisy M. Jones, of Kenansville, have arrived to spend some time at the home of Mr. Warren L. Jones, at Winoca Terrace.

* * *

Former Mayor Joseph D.h Smit , who has been on his plantation near Swann's Station, Harnett county, since his term of office as Mayor expired in May of this year, is spending a few days in the city. He has been most cordially greeted by his many friends, who are delighted to know that the country life is agreeing so well with him.

* * *

The first social meeting of the Epworth League of Bladen Street Methodist church was held last night at the church, and was attended by a large number of the members and their friends. The evening was opened by scripture reading by the third vice president, Miss Julia King, and prayer by the pastor, Rev. W. L. Rexford, following which the following programme was rendered: Song by a quartette, composed of Messrs. Harderson, Elmer, Moore and McCall; recitation by Miss Annie Fuchs; song by the Junior League; recitation by Miss Dobson, and song by the quartette. Refreshments were served after the completion of the programme. The evening was greatly enjoyed by all, and much credit is due those who took part in the programme for the splendid entertainment afforded by them.

### INTERESTING LECTURE AT HIGH SCHOOL YESTERDAY.

A large number of the ladies of Sorosis and several visitors attended the interesting lecture given by Miss Grace Logan, teacher of domestic science in the High School, at the High School building yesterday afternoon at 4 o'clock. The lecture dealt with food values and balanced menus and was highly instructive. Four of the High School girls who are taking the domestic science course were present and gave a practical demonstration of the splendid training they are receiving under the direction of Miss Logan by preparing an egg omelette and cooking some ginger bread.

Miss Logan took up the various foods commonly served for meals and showed their relative values. She took as the unit of measure the calory. She stated that in order to get the number of calories necessary to sustain life and nourish the body properly multiply weight of the body by 16 She then showed the number of calories contained in a pound of the different foods as follows: round stake, 550; sirloin, 400; butter, 1,705; one dozen eggs, 1,125; cheese, 1,185; corn meal, 6,540; wheat, 2,235; rice, 2,025; cabbage, 460; potatoes, 1,907; turnips, 1,200; apples, 1,170; oranges, 250; sugar, 2920. By using this method of determining values of foods a balanced menu, she said, could be worked out that would exactly suit the needs of the body.

These lectures will be given on the third Friday afternoon in each month at the High School building to the ladies of Sorosis, and to any others upon the payment of 25 cents admission fee. Those who attended yesterday felt that they were well repaid for their time in attending and are enthusiastic in their praises.

Following out the suggestions given by Miss Logan Sorosis has had printed on cardboard balanced menus extending through the entire year which will be sold for a nominal sum. They will make ideal Christmas gifts for friends and are very useful to the housewife and others interested in having the proper foods served on the table.

### DOUBLE HONOR TO TARBORO.

**Two Delegates to Attend Celebration of Peace Anniversary.**

(Special Star Correspondence.)

Tarboro, N. C., Nov. 21.- Mrs. Thad W. Thrash has been delegated to represent the United Daughters of the Confederacy and Miss Maud Shackleford the Descendants of the Mayflower at the convention of the American Committee of the 100th aniversary of peace among the English speaking people, which will be held in Richmond, Va., December 3rd, 4th. This is a double honor for Tarboro, as only six delegates have been selected from any one patriotic organization in the United States. North Carolina has been further honored by the selection of Mrs. Fannie Ransom Williams, of Newton, as delegate for the Daughters of the American Revolution, and Mrs. Sidney Cooper, of Henderson, as representative of the Colonial Dames.

This American committee is composed of leading Americans, Andrew Carnegie being chairman and Theodore Roosevelt honorary chairman. Hon. Josephus Daniels is one of the vice chairmen.

Col. Benehan Cameron, of Stagville, N. C., is chairman of the Committee on Co-operation of Patriotic Organizations.

### RE-ELECTED TREASURER.

**Mr. James F. Post Serving 26th Term as Coast Line Official.**

At the annual meeting of the board of directors of the Atlantic Coast Line in Richmond, Va., Tuesday, Mr. James F. Post, of this city, was re-elected treasurer of the road, this being the 26th time that he has been elected to this position. In the list of officials given in the telegraphic columns of Wednesday's Star his name was inadvertently omitted. Mr. Post is one of the most capable and highly trusted officials that the Coast Line has, and his re-election for so many terms is a distinct tribute to his ability and general uprightness of character.

**Couldn't Sell Fish.**

The master of a sharpie which was anchored at Wrightsville Beach was in the city Thursday trying to dispose of 25,000 pounds of fish which had been caught by him and his crew, but nobody in this burg apparently cared for fish and he had to take his cargo out and dump it into the sea. It was hard luck and doubtless the captain will not head this way again when he wishes to sell fish. He said that there are other cities up the coast such as Morehead City, where he was sure that he could have sold them in a jiffy had he been able to get there in time.

Always go to C. H. Fore & Co. when you wish to buy Table Damask, Napkins and Towels. (advertisement.)

## LOCAL DOTS.

—Martin Edwards, colored, was arrested last night by Policeman H. G. Bullard on a charge of speeding. He was recognized for his appearance before the Recorder this morning.

—building permit has been issued to Mr. F. W. Peiffer for the erection of a frame building at corner Fourth and Davis streets to be used as a theatre and store, the estimated cost being $3,000.

—The meeting of the bar of the county announced to be held yesterday morning at 10:30 o'clock was postponed until Monday afternoon at 3 o'clock as many of the members of the bar were engaged in Federal Court yesterday.

—Mack McNeill, colored, was arrested last night by Special Deputy Sheriff Joe Lane and Deputy Sheriff Reynolds on a charge of violating the prohibition law. In default of bond he was committed to jail. The warrant was issued by Justice Harriss.

—Several lovers of the angling art went down to Wrightsville Beach yesterday and had great sport catching black fish. The fishing season is practically ended, and only ardent followers of Izaak Walton are now plying the reel and line at the beach.

—Geo. W. Beaman, the white man who shot and killed his wife last Sunday afternoon, has been removed from the hospital to the county jail. He is rapidly recovering from the effects of the poison he took after shooting his wife, though he is still very weak.

—Yesterday in Federal Court was devoted to the hearing of evidence in the big land suit that has been in progress all week. The trial will be concluded today, and Judge Connor will later make his decision as to who has a lawful title to the land in dispute.

—Sheriff Cowan yesterday received a letter from Capt. J. B. Gossett, in charge of the Salvation Army at Salisbury, asking him to locate, if possible, Henry Meekins, 25 years old, and notify him if found. Capt. Gossett stated for the guidance of the sheriff that Meekins sometimes works on a boat and can paint.

—Deeds were filed for record yesterday as follows: W. A. McGirt to William Struthers, Jr., for $100 and other considerations, lot 15 in block 30, Carolina Place; William E. Tharp and wife to R. A. Wright Company, Inc., for $100 and other considerations, lot on west side of Fourth street, 165 feet north of Wright, 33x165 feet in size.

## PERSONAL PARAGRAPHS.

—Mr. Fred Little, editor of the Whiteville News-Reporter, was a business visitor in the city yesterday.

—Mr. B. F. Keith, collector of customs, returned yesterday from Washington, where he went to attend the annual meeting of the National Conservation Congress.

—Included in the list of arrivals at the Clarendon Hotel yesterday were W. A. Stilley, Goldsboro; W. A. Pegram, Greensboro; Mrs. W. C. Kimball, Salisbury; R. H. Fisher, Salemsburg; C. P. Moore, Councils; B. B. Smith, Whiteville.

—Included in the arrivals at the Southern Hotel yesterday were T. R. Heath, East Arcadia; C. H. Ziblin, Currie; J. E. Beaman, Wallace; E. J. Oharra, Florence, S. C.; S. M. Edwards, Dixon; L. D. Collins, Maysville; S. J. Morgan, Montague; G. T. Morgan, Councils; J. W. Bates, Montague.

### Y. M. C. A. BASKETBALL.

**Opening of Season Last Night With Two Splendid Games.**

The basketball season was opened last night at the Y. M. C. A. with two splendid games by the four teams recently organized. The games were fast and snappy and good clean ball was played by all the teams. The boys and young men showed that they had put in good time practicing during the last several weeks, and were in prime physical condition. There were a large number of spectators, and they showed their appreciation by frequent applause.

Teams Nos. 1 and 2 were the first on the floor. Team No. 1 outclassed its opponents, and won by the score of 24 to 12. Goals from the field were scored by the following: Lewis, 3; Hanson, 2; N. Davis, 2; K. Davis, 3; Solomon, 1; McIntyre, 1. Goals from the foul line were made as follows: Hanson, 3; K. Davis, 1.

Following is the line-up of these two teams:

Team No. 1—Lewis Hanson, captain, and C. Hussey, forwards; T. Lewis, center; H. Solomon and K. Davis, guards. Team No. 2—N. Davis, captain, and McIntyre, forwards; Hodgkins, center; Johnson and Brunt-Weathers, guards. Scorer, Bob Houston; referee, J. P. Seitters.

At the conclusion of this game Teams Nos. 4 and 3 played a fast game in which the former won by a score of 18 to 15. The game was close and showed that they were nearly evenly matched. Field goals were scored as follows: Johnson, 3; Cole, 2; Seitters, 2; LeGwin, 1; Stein, 1; Walker, 1; Justice, 1. Fouls from foul line were thrown as follows: Seitters, 7; Justice, 2; Walker, 2.

The line-up of the teams were in following order:

Team No. 3—Seitters and LeGwin, forwards; Hines (captain), center; Aiken and Stein, guards. Team No. 4—Justice and Cole, forwards; Johnson, center; Walker and Duvall, guards. Referees, Davis and Hanson.

Teams Nos. 1 and 4 now have a standing of 1,000 per cent. while the others are zero. The contest for the premier team of the season promises to be close, and for that reason the games will be full of life and zest. Games will be played every Friday night.

The Junior Classified Athletic League had their first tryout yesterday afternoon, and the different events proved to be full of interest to the boys. The Carlisle team won from the Harvard team in the indoor baseball, the score being 7 to 1. The Carlisle boys also won in the relay race by two yards. Harvard won in the relay broad jump by 6 inches. The Navy team from the Yale team in the indoor baseball by a score of 5 to 2. In the broad jump the Navy boys won by one foot. The Yale team won the relay race by 10 yards.

Following is the number of points scored by each team: Carlisle, 199.5; Navy, 180.4; Yale, 136.6; Harvard, 120.5.

**Funeral of Mr. Woebse.**

The funeral of Mr. Chas. D. Woebse, whose death occurred Thursday morning at the home of his parents, Mr. and Mrs. H. H. Woebse, No. 609 Swann street, was held yesterday afternoon from the residence at 2:30 o'clock, and from St. Matthew's Lutheran church at 3 o'clock, conducted by the pastor, Rev. G. W. McClanahan. The services were attended by many friends. The interment was in Bellevue cemetery. The pall-bearers were Messrs. T. Costin, Lonnie Gurganus, John Rich, James Chadwick and Roy Croom.

## ROUSING PUBLIC MEETING

(Continued from Page Five).

purposes, public utilities, including electricity, gas and power, the accommodation that may be expected of the bankers, the transportation facilities, rates, cost of living, etc.

All citizens, he said, should be willing to culture and encourage a pride in the city. He called attention to lack of attractive buildings in the downtown district, the need for parks and playgrounds, and declared that an effort should be made by the club members and all other citizens of the city to make Wilmington not only a growing business center but a city beautiful, and one of the things he mentioned as being necessary to attract the outsiders is a large tourist hotel, which he was certain would bring to Wilmington the year round especially in the Winter season, hundreds of people from the North. He stated that Wilmington merchants should specialize more than they do and stated there should be more first-class restaurants.

In conclusion, he urged the members to make suggestions to him from time to time of the things which they think would make for the advancement of the city and assured them that they would not go into the waste basket, but would be filed and brought forth at the opportune time.

**Former Mayor Speaks.**

President Evans then called for remarks and suggestions from those present. Observing in the audience Former Mayor Joseph D. Smith, who has been away from the city for several months staying on his farm in Harnett county, he called on him to say something of what he thought of the prospects of the Commercial Club. Mr. Smith responded in his usual happy manner and declared that he thought the movement a good one and would result in much good to the city. He asked all to help and not hit; that if they cannot say something good for the town, remain silent. He spoke briefly of the new streets and the other signs of improvements, mentioning among other things the handsome new union station and the new hotel now in course of construction.

Mr. Ira G. Upchurch, who presented the club with a box of "Wilmington-made" cigars, manufactured by him, was the next to speak. He said that he removed to Georgia some years ago but got homesick and when he decided to return to North Carolina selected Wilmington as the place to start his "little cigar business." He thought the city had great possibilities and for one he was willing to cast his lot here.

Mr. Thos. H. Wright suggested to Mr. Barry that he had not seen the best part of Wilmington—Wrightsville Beach—which Mr. Barry stated he would see before he is here a great while.

**Terminal Facilities.**

President Evans next called on Woodus Kellum, Esq., whom he stated was responsible for many of the reforms in Wilmington. Mr. Kellum responded in a short but happy talk. He said that a club of this kind can accomplish much and with the united effort of the people Wilmington will grow as it has never grown before. Mr. Kellum made one of the most interesting talks of the evening and showed very clearly that he thoroughly understands the local situation and what is needed to stimulate the growth of the town.

Later on in the meeting, Mr. Kellum stated in connection with a discussion relative to municipal terminals, for an election on which an act was got through the Legislature in 1911, that the law was amended at the last session of the Legislature by which the facilities may be leased and the rental applied to the payment of the interest on the bonds and also to liquidate the indebtedness. He said that he was in a meeting with another organization yesterday at which the matter of calling an election to vote on the question was considered and he thought the matter would be brought up at an early date. This was one of the most pleasing bits of information imparted to the meeting.

**Boost in Wilmington.**

Mr. Roger Moore won the applause of the gathering when he suggested that the people of the city boost Wilmington in Wilmington as well as outside of Wilmington. He referred to the spirit of antagonism that exists among certain factions and declared that this must be overcome before the city can go forward as it should. He also declared his belief that there should be a friendlier spirit manifested toward the big corporations in Wilmington.

Mr. T. A. Darby, formerly of Wilminton, but for many years a resident of Jacksonville, Fla., was called on and told briefly of the growth of Jacksonville. He has returned to Wilmington to live and promised to aid in every way he can to advance the interests of his native city.

President Evans referred to the fact that Mr. Meares Harriss, secretary of the club is also secretary of the North Carolina Waterways Association, which is fighting for improved waterways in this State, and asked Mr. Harriss to read a letter bearing on the inter-coastal waterways project, which will mean much for Wilmington along with the other parts of the State when it is completed. Mr. Kellum brought out the fact from Mr. Harriss that the canal could be completed from Beaufort to Wilmington in two years after actual work has been begun.

**Small Loft Factories.**

President Evans said that the thing that had been closest to his heart since coming here a few years ago was the small "loft" factories, which have been so successfully operated in Charlotte and other cities. In Wilmington he said there are many stores the upper stories of which could be used to advantage for small factories employing 20 to 30 boys or girls, swelling greatly the weekly pay roll. These plants could be operated with electric power. He called on Mr. G. G. Scott, of Charlotte, who was at the head of one of these "loft" factories a few years ago, to tell the meeting something of their operation. This he did. He also told them of the work of the Greater Charlotte Club, which has about 900 members who pay dues of $10 a year.

**Cost of Electric Power.**

Iredell Meares, Esq., was next called upon by President Evans. Mr. Meares declared that in the first newspaper article he ever wrote, 30 years ago, he expressed the view that Wilmington has great possibilities but that the best way to build the town is to build it and stop talking about it. The same holds good today, he said. Toward the close of a most interesting talk, he said that one of the greatest drawbacks to the development of the "loft" factories in Wilmington was the high cost of electric power, as compared with Raleigh and Charlotte. He stated and declared he was prepared to back up his statement or make a public apology, that the rates charged here are 18, 30, 40 and 100 per cent. higher than in other cities. He offered to carry bills to the office of the Tidewater Power Company and check up with the officials, if it was desired.

Mr. A. R. Skelding, general manager of the Tidewater Power Company, took up the challenge, and he also stated that under similar conditions he would say that no town gets cheaper rates on electricity than Wilmington. He agreed with the idea of a Winter hotel for Wilmington. Just before the meeting adjourned, Mr. M. F. H. Gouverneur, vice president of the company, also spoke on the point raised by Mr. Meares and declared that it is not the high cost of power that keeps these industries from Wilmington. He stated that he had been connected with cotton mills for 18 years and the cost of fuel for the mills is only two per cent. of the total cost of operation. This by way of showing that the power bill cannot be a very large item. He thought the rate here would compare very favorably with Raleigh and Charlotte. President Evans stated that he thought the reason no special rate had been given on power is because there has been no real demand for it. He said he was satisfied that if there was the demand for power to operate plants that the Tidewater Power Company would not only equal but would probably come under any other rate. First, he said, the demand must be created.

Mr. Chas. C. Loughlin, a member of the executive committee, told of the plans for increasing the membership to 500 in the near future, following which the meeting adjourned, shortly before 11 o'clock.

### EXPECTED HAS HAPPENED.

**Virginia Cities Are Objecting to Carolina Freight Rates.**

The fact that the Virginia cities have protested against the agreement entered into by the North Carolina Legislature with the railroads has occasioned no surprise in Wilmington, as this is just the course that was predicted by Mr. J. Allan Taylor, who represented Wilmington in the fight for more equitable freight rates.

He went before the legislators several times and stated that no agreement could be made without consulting the Virginia cities and others who would be affected by a change in the rates. He maintained that it would be better to make up a case and go before the Inter-State Commerce Commission to find out definitely what could be done before attempting to remedy conditions. He argued that cities in other States would interpose objections and that they had a perfect right to do so.

### CHURCH DIRECTORY.

**Where Religious Services Will be Conducted Tomorrow.**

The Floating Christian Endeavor Society will hold services at the Champion Compress tomorrow at 10 A. M. and aboard the Seminole (if she is in port) at 2 P. M.

Bethany Presbyterian church Wrightsboro, Rev. Andrew J. Howell, Pastor—Services tomorrow at 11 A. M. with celebration of the Lord's Supper. Sunday School at 3:30 P. M. Visitors cordially welcome to all services.

Winter Park Presbyterian church, Rev. Andrew J. Howell, pastor—Services tomorrow at 7:30 P. M. Sunday School at 3:30 P. M. Visitors cordially welcome at all services.

First Presbyterian, Rev. Dr. John M. Wells, pastor—Services at 11 A. M. conducted by the pastor, and at 8 P. M. by Rev. W. M. Baker. Sunday School at 3:30 P. M. There will not be any prayer meeting Wednesday night, but Thursday morning at 11 o'clock a Thanksgiving service will be held.

Immanuel Presbyterian church, corner Front and Queen streets, Rev. J. S. Crowley, pastor—Services Sunday at 11 A. M. and 7:30 P. M. Sunday School at 3 o'clock. The public cordially invited to all services.

## WOMAN ESCAPES OPERATION

**By Timely Use of Lydia E. Pinkham's Vegetable Compound.**

**Here is her own statement.**

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

**If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.**

## COTTON MARKET CLOSED FIRM

**After an Early Break on Bearish View of Ginning Returns the Market Became Firm—January Advances.**

New York, Nov. 21.—After an early break on bearish view of ginning returns to November 14th, the cotton market became firm on reports that spinners were calling cotton very freely, bullish week-end figures and covering for over the week-end. January contracts which had sold at 12.86 early, rallied to 13.08, and the general market closed firm at a net advance of 4 to 6 points.

The opening was easy at a decline of 14 to 16 points with active months about 60 points under the high level of last week, as a result of heavy general liquidation. Cables were about as due, but the census report, showing 10,434,387 bales ginned to November 14th, proved slightly heavier than expected and indicated the largest ginning for the first half of November on record with the exception of 1906. Stop orders were uncovered on the initial decline and there was probably considerable selling on a theory that ginning returns strengthened the larger estimate of the crop, but offerings were readily absorbed and the market soon turned firmer.

Numerous reports from the South claiming that the crop had been nearly all ginned in many sections, and reports of a better foreign demand for spots in the Eastern belt helped the advance, while much of the buying here came from trade sources and was supposed to be for the account of spinners fixing prices. The support of this sort combined with the continued heavy spinners' takings, as shown by the weekly figures, probably increased the disposition of recent sellers to take profits for over the week-end and the market closed within a point of the best.

Spot cotton quiet; middling uplands 13.60; middling gulf 13.85; no sales.

Futures were as follows:

## COTTON GINNING REPORT

**Showing Number of Bales Ginned Up to Friday, November 14th—Four Per Cent More Ginned This Year Than Last.**

Washington, Nov. 21.—The fifth cotton ginning report of the Census Bureau for the season, issued at 10 o'clock this morning, announced that 10,434,387 bales of cotton, counting round as half bales, of the growth of 1913 had been ginned prior to Friday, November 14th, to which date during the past seven years the ginnings have averaged 72.9 per cent of the entire crop. Last year to November 14th there had been ginned 10,299,646 bales, or 76.4 per cent of the entire crop; in 1911 to that date 11,313,236 bales, or 72.7 per cent, and in 1908 to that date 9,595,809 bales, or 73.3 per cent.

Included in the ginnings 74,124 round bales, compared with 62,768 bales last year; 75,963 bales in 1911; 93,364 bales in 1910, and 123,757 bales in 1909.

The number of Sea Island cotton bales included were 52,679 compared with 40,389 bales last year; 71,204 in 1911; 68,495 in 1909, and 56,701 bales in 1908.

Ginnings prior to November 14th by States, with comparisons for last year and other big crop years and the percentage of the entire crop ginned prior to that datte in those years, follow:

| Year. | Ginnings. | Per Cent. |
|---|---|---|
| Alabama— | | |
| 1913 | 1,182,747 | .... |
| 1912 | 961,833 | 72.4 |

| Seattle | 17,172 |
| Minor Ports | 1,556 |
| Total bales | 4,875,702 |

### WHEAT CLOSED WEAK.

Chicago, Nov. 21.—Wheat closed weak, ¾@¼ net lower today, mainly on official figures, largely reducing the loss in Argentina. Forecasts for better weather caused an easy close in corn, with prices at a net decline of ⅝@⅞ to ⅞c. Affected by other grain, oats finished at ¼@⅜ net lower. Provisions weakened a shade to 20 cents on a dropp at the yards.

Cash grain:

Wheat—No. 2, red, 95@95½; No. 2, hard, 87¾; No. 2, Northern, 88¼@89¼; No. 2, Spring, 87½@88¾.

Corn—No. 2, 73¼@73½; No. 2, white, 74½@75; No. 2, yellow, 75¼@75¾.

Oats—No. 2, white, 41; standard, 40@40½.

Wheat—December, 86¼; May, 90⅝@90½.

Corn—December, 70¼@70¼; May, 70¼.

Oats—December, 38; May, 41¾@41⅞.

Pork—January, 20.75; May, 20.65@20.67½.

Lard — January, 10.90; May, 11.07½@11.10.

Ribs — January, 10.90@10.92½; May, 11.15.

### FINANCIAL MARKET.

New York, November 21.—Call money steady 2 3-4 to 3, ruling rate 2 7-8; closing 2 3-4 to 2 7-8.

## STOCK MARKET WAS SLEEPY

**Little to Distinguish Yesterday's Market from Those Preceding It. Small Decline at Outset. Break in Copper.**

New York, Nov. 21.—There was little to distinguish today's stock market from the sleepy sessions which have preceded it this week, although the tone was better. At the outset, there was a small decline, owing presumably to the dragging market for American stocks in London and the sharp break in copper metals abroad.

The market showed greater recuperative power than yesterday, however, and the opening losses were soon made up, some of the leaders rising well above the previous close. Speculation dwindled as the day advanced and prices eased off slightly, but there were no signs of general weakness, despite marked heaviness in individual cases.

The firmer tone of the market was due chiefly to the strong technical position, which induced shorts to cover whenever they were able to procure stocks at recessions. Heaviness of the coppers depressed the whole list. The break in London metal prices was followed by the report that some producers were offering copper in the domestic market at 15c. Pessimism was increased by news that reduction in working forces, heretofore confined principally to steel mills, had spread to other industries.

A cash gain for the banks on the week was predicted, despite shipment of $2,500,000 to Canada, making the week's shipments to the Dominion $3,500,000.

Bonds were less stable than stocks, despite cessation of liquidation of some issues. Total sale, par value, $1,280,000. United States bonds were unchanged on call. Total sales stocks were 109,600 shares, including C. & O. 1,500; Lehigh Valley 1,400; N. & W. 200; Southern Railway 600; do preferred 200; Tenn. Copper 500; U. S. Steel 22,500; V. C. C. 200.

Virginias—Fancy Jumbo, 3⅜c. per lb.; Fancy Hand-Picked, 3½c. per lb.; Extra Prime, 3¼c. per lb.; Shelling Stock, 2 to 2½c. per lb.

### SECRETARY HESTER'S REPORT.

**Shows Increase of 4,000 in Totals for November Over Last Year.**

New Orleans, Nov. 21.—Secretary Hester's weekly New Orleans cotton exchange statement issued today shows for the 21 days of November an increase in the totals over last year of 4,000.

For the 82 days of the season that have elapsed the aggregate is ahead of the 82 days of last year 181,000.

The amount brought into sight during the past week has been 675,932 bales against 754,935 for the seven days ending this date last year, and for the 21 days of November it has been 2,109,109 against 2, 104,625 last year.

The movement since September 1st shows receipts at all United States ports of 4,874,335 againsa 3,897,632 last year. Overland across the Mississippi, Ohio and Potomac rivers to Northern mills and Canada 288,393 against 289,038 last year. Interior stocks in excess of those held at the close of the commercial year 568,075 against 542,685 last year. Southern mill takings 916,000 against 736,857 last year.

Total movement for the 82 days of the season from September 1st to date 6,648,803 against 6,466,212 last year.

Foreign exports for the week have been 334,164 against 374,936 last year making the total thus far for the season 3,480,535 against 3,380,049 last year. The total takings of American mills, North, South and Canada thus far for the season have been 1,794,956 against 1,487,462 last year.

Stocks at the seaboard and the 29 leading Southern interior centers have increased during the week 108,511 bales against an increase during the corresponding period last season of 180,279 and are now 265,792 smaller than at this date in 1912.

Including stocks left over at ports and interior towns from the last crop and the number of bales brought into sight thus far from the new crop the supply to date is 6,973,220 against 6,830,925 for the same period last year.

### WORLD'S VISIBLE SUPPLY.

**Weekly Statement by Sec. Hester of New Orleans Cotton Exchange.**

New Orleans, November 21.—Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 5,072,502, against 4,808,324 last week and 5,365,408 last week. Of this the total of American cotton is 3,890,502, against 3,674,324 last week and 4,455,408 last year, and of all other kinds, including Egypt, Brazil, India, etc., 1,18,2000 against 1,134,000 last week and 910,000 last year.

The world's visible supply of cotton there is now afloat and held in Great Britain and continental Europe 2,639,000, against 2,864,000 last year; in Egypt 319,000, against 277,000 last year; in India 417,000, against 304,000 last year; and in the United States 1,697,000, against 1,920,000 last year.

### INVESTIGATE TICKET SCALPING.

**Methods by Which World's Series Tickets Were Secured.**

New York, Nov. 21.—Investigation of the methods by which world's series baseball tickets last month reached the hands of speculators resulted today in the conviction of Richard J. Donovan, a ticket seller employed at the Polo Grounds. He was fined $100. Donovan pleaded guilty to a charge that for a premium of $1 a ticket, he had sold a block of 100 $2 tickets.

### WHAT BRADSTREET SAYS.

**Report on This Week's Trading and Business Activities.**

New York, Nov. 21.—Bradstreets tomorrow will say: "Mixed characteristics are presented in the week's trade news. Thus unseasonably mild weather has hampered retail trade over a wide area, conservatism as regards future buying is in evidence, the iron and steel trades continue to reflect a slowing down movement, money for time accommodation is rather tight, and collections seem to be harder to make.

"On the other hand, activity in holiday trade has tended to close up some of the gaps caused by mild weather. Winter wheat is in fine shape on a record area, railway traffic is being conducted with relative ease, farmers appear to be prosperous and country banks report a rather heavy demand for loans.

"Business failures for the week were 340, which compares with 269 in 1912.

"Wheat, including flour exports from the United States and Canada for the week aggregate 6,149,023 bushels against 6,414,537 last year."

### FREE DENTAL INSPECTION.

**Fifty School Children a Day Being Examined at Kinston.**

(Special Star Correspondence.)

Kinston, N. C., Nov. 21.—The children in the local grammar school are being examined by dentists at the rate of 50 daily now under the plan of the authorities for free dental inspection in the schools. Although the examination is not compulsory, no children have declined to be inspected. The dentists give their services free and alternate in making the examinations. Remarkably few cases of bad oral conditions have been found, and an announcement by one of the examiners yesterday was to the effect that the dentists would have no work if the rising generation in Kinston had to be depended upon to furnish it. A series of short talks on the care of the teeth will follow the inspection of the children in all of the grades.

**$3.50 Recipe Free, for Weak Men.**

**Send Name and Address Today—You Can Have It Free and be Strong and Vigorous.**

We have in our possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that we think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So we have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write us for it.

This prescription comes from a physician who has made a special study of men, and we are convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

We think we owe it to our fellow men to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what we believe is the quickest acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop us a line like this: Interstate Remedy Co., 4163 Luck Building, Detroit, Mich., and we will send you a copy of this splendid receipe in a plain, ordinary envelope, free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but we send it entirely free.

The most perfect draft ever discovered is the patent Hot Blast Down Draft of the Wilson Heater. The only draft that secures perfect combustion and prevents waste.

This draft is found only in the

**Wilson HOT BLAST Heater**

The air enters at the top, drives the combustible gases into the fire where they are burned—prevents the escape of heat up the chimney—doubles the heating power of the fuel.

In other words, only half the amount of fuel used in ordinary heaters is necessary. The Wilson is air-tight, making perfect combustion possible and a fire can be held 36 hours.

We sell Wilson Hot Blast Heaters for either wood or coal.

## BRITISH NEWSPAPER BLAMES WALL STREET

(Continued from Page One.)

thorities had been refused by Consul Canada.

Reports that veiled threats had been made to take the refugees by force, followed the consul's refusal. In anticipation of any such attempt the steam launch from the American battleship lay all morning off the sea-wall opposite the consulate with an armed crew of blue jackets on board ready to come ashore at a moment's notice.

John Lind conferred today with Rear Admiral Fletcher, the commander of the American fleet. He exchanged numerous dispatches with Washington.

**Americans Protected.**

Washington, November 21.—Rear Admiral Fletcher, commanding the American fleet on the East coast of Mexico, late today cabled the Navy Department that he had been assured by General Aguilar, the Constitutionalist leader who has occupied the vicinity of Tuxpam, that American and other extensive oil interests there would be protected.

Admiral Fletcher is under orders to take such steps as may be necessary to protect foreign lives and property, reports from Tuxpam having indicated that the Constitutionalists were threatening to destroy the tanks of British oil interests. This led to talk of the possibility of landing marines or blue jackets from the American battleships and developments in the situation have been awaited with intense interest.

General Aguilar's message, sent in reply to Admiral Fletcher's demand that no harm should come to foreigners or their property, said:

"I am governing on a Constitutionalist basis, my attitude being to guarantee the interests of all foreign and domestic oil corporations existing in the territory I occupy, fulfilling in this manner the demands of civilization and not being governed by caprice or vengeance."

Officials here think this means that there will be no troublesome complications as a result of Aguilar's occupation of the oil field territory.

**Frequent Conferences.**

Frequent conferences today between Secretary Bryan, Counsellor John Bassett Moore and Acting Secretary Roosevelt and two visits by the Secretary of State to the White House, accompanied by Mr. Roosevelt, were the outward marks of the deep interest of official circles in the Mexican situation.

It developed that the welfare of the Madero brothers and their relatives who had sought asylum in the American consulate at Vera Cruz, was the feature of these conferences. It was quite apparent that a sense of relief was experienced when it was learned that refugees had been taken aboard the battleship Louisiana without resistence from Mexican authorities.

It was said at the Navy Department that no special instructions had been given in regard to the treatment of the Madero party, though Admiral Fletcher had been told to confer with John Lind, who last evening had been authorized by President Wilson himself to extend protection to the refugees.

Officials today continued to regard the convening of the Mexican Congress and Huerta's reading of his message as merely carrying the situation one step further along and not as events which forecast any immediate move by the United States. The view here is that each day adds to the steady and gradual disintegration of the Huerta regime.

The official view is that should the Congress act on English oil concession pending such acts would be regarded as invalid not only by the United States but by Great Britain. A perfect understanding has apparently been reached between London and Washington.

## INAUGURAL CONCERT GIVEN.

**On State Normal's New Pipe Organ. Auditorium Filled.**

(Special Star Correspondence.)

Greensboro, N. C., Nov. 21.—One of the largest audiences that ever taxed the seating capacity of the auditorium of the State Normal and Industrial College heard the inaugural concert given by G. Scott Hunter, of London, and Washington, on the new pipe organ last night. He was ably assisted by Mrs. W. R. Edmonds, of High Point, soprano, and a large chorus. The chorus was made up from the college Glee Club, and a number of male voices of the city.

runners from 14 colleges and universities will start in the sixth annual cross country championship race of the inter-collegiate association of amateur athletics of America to be held on the Van Courtland court tomorrow.

Michigan is the only Western institution represented. The Eastern teams include Brown, Colgate, Columbia, Cornell, Dartmouth, Harvard, Pennsylvania, Princeton, Syracuse and Yale. The course is about six miles in length.

## LABOR FEDERATION ON INTERVENTION

(Continued from Page One.)

against international fratricide, but they are unwilling to be exploited or killed for the promotion of private or selfish ends."

Two resolutions endorsing Winston Spencer Churchill's proposal that the United States, Great Britain and Germany discontinue warship construction for a year, were adopted.

The convention virtually declared war on the Brick Layers, Masons and Plasterers' International Union, which is alleged to have made an agreement with the National Association of Marble Dealers by which the union undertakes to do work properly belonging to the marble workers. The fight between the marble workers and brick layers has resulted in strikes in Milwaukee, Lexington, Ky., and elsewhere and threatens to involve the whole building trade.

The jurisdiction dispute between the steam engineers and longshoremen over the steam shovel and dredgemen which has been before the convention 12 years, was adjusted.

A charter will be issued to the steam shovel and dredgemen and members of the union may also retain their longshoremen and engineers' membership.

## IN UNCLE SAM'S CLUTCHES.

**Capt. Bowers in Jail Charged With Fraudulent Use of Mails.**

(Special Star Correspondence.)

Greensboro, N. C., Nov. 21.—Capt. C. M. Bowers, who was arrested a few days ago in New Orleans for using the mails for a fraudulent purpose, is now in the county jail awaiting trial at the coming term of Federal court. He was arrested on complaint of B. C. and Parks Deaton, of Statesville, and other Iredell people who charge that he swindled them out of $8,000, using the mails and thereby laying himself liable to prosecution by the Federal government. There had been a tradition in the Deaton family that relatives of theirs in England had died without heirs and they were entitled to a considerable estate. Bowers, who lived in Statesville, for awhile claimed to know of the estate mentioned and went to England at the expense of the Iredell people.

On his last trip to England he cabled the Deatons at Statesville that the suit had been successful and they would get the property or its proceeds. During the time he had made several trips to England and had obtained about $8,000 in money for expenses and attorney's fees, as he claimed. After the cablegram stating that the suit had been successful, Bowers became quiet and the Iredell people became suspicious.

They had another investigation made and found the whole thing without foundation. The postoffice officials took the matter up, traced Bowers from England to Canada and then to New Orleans, where he was arrested a few days ago.

## FAILURE AT KINSTON.

**Business of J. & A. Naiman Now in Hands of the Courts.**

Kinston, N. C., Nov. 21.—The dry goods firm of J. & A. Naiman, comprising Jacob Naiman and wife, went into voluntary bankruptcy by a petition filed through their attorney before Referee Samuel W. Smallwood in Newbern, and the business is now closed and in the hands of the court. The indebtedness of the concern is a little more than $13,000, and the estimated value of the assets is $10,000. The largest creditor is Abe Marks, of Richmond, who holds a mortgage on the stock for $4,000. J. & A. Naiman have conducted a business on Queen street for eight years, which from the beginning was not successful, but it is believed that the proprietors tried to avert proceedings by continuing in the hope that it could be recuperated. The first meeting of creditors will probably be held here on December 4th.

## BASKETBALL GAMES.

**Two Exciting Contests at Boys' Brigade Last Night.**

Two high class games of basketball were played at the Boys' Brigade last night between the Cardinals and Giants and the Eagles and Company B. As usual, a large crowd attended and rooted lustily for their favorites, all of which added to the excitement of the occasion.

Company B and the Eagles opened the fray and for 15 minutes showed some classy sport. The score was 30 to 23 in favor of Company B.

The second game between the Cardinals and the Giants was a game replete with plays which kept the spectators in a constant state of intense excitement. It was not rough, but was hard fought every inch of the way. It was big men against little fast men and it was a toss up which would win. The final score was Cardinals 34; Giants 30.

## SENSATION AT NEWBERN.

**Charges and Counter Charges Against Postmaster and Clerk.**

(Special Star Correspondence.)

Newbern, N. C., Nov. 21.—A sensation was created in this city when it became known that charges had been preferred against Postmaster Jesse S. Basnight and that he had been requested to resign the office. These charges grew out of a grievance of Robert E. Smith, the night clerk in the office, who disliked the action of Postmaster Basnight in placing a new man in the office in a position which he thought should have been given to him. Congressman Jno. M. Faison took the matter up and it is understood that an inspector will arrive here within a few days to investigate the charges.

Right in the midst of all the excitement comes the announcement that charges that he has neglected his duties have been preferred against Mr. Smith, the night clerk, and that, if these are substantiated, he will be removed from the position. There are quite a number of these charges, among them being that he loaned the key of the building to a man who was not connected with the office, that he secured another man to work for him without getting the consent of the postmaster, etc. It is believed that Postmaster Basnight preferred the charges. Postmaster Basnight was interviewed, but he refused to talk about the matter, saying that he would let events shape their own course. However, he does not deny the report that he made the charges.

## SOUTHPORT OR SAVANNAH.

**To Get Government's Lighthouse Station from Charleston.**

(Special Star Correspondence.)

Southport, N. C., Nov. 21.—A government official on a visit here, said in the matter of the removal of the government's lighthouse station from Charleston, that the places open to getting it were Savannah and this port, with the chances favoring here, if the effort was made to secure the station.

The contract for carrying the freight from Wilmington to Fort Caswell is soon to be let, and there is likely to be a contest between railroad and boat line to secure it.

Proposals are now asked for certain repairs upon the steamer G. W. Getty by the government, to be turned in December 2nd.

# The Independent Woman

The woman of today knows more about business than her Mother did and if the agitation for Women's Rights did nothing more than it has already accomplished, it would have been a good thing. It has made women think, made them more dependable in business and made them more self-reliant.

Most women at the head of households now pay all bills by check. They have learned that it is the business-like way to handle money. We have made special provision to care for our women depositors and both Bank Book and Check Books of proper size for the hand bag have been provided. Your account will be welcome.

BITS OF HISTORY

## TREATY WITH CHINA

The Treaty with China restricting the immigration of Chinese laborers into this Country was entered into November 17, 1880. Since that date the wage of the American workingman has constantly increased. Yes, the cost of living has constantly increased also. The food and comforts we enjoyed in 1880 would cost no more now than then, but we have changed our mode of living.

Some of us have allowed the expenses to grow faster than the income, but it is quite possible for nearly everyone to spend less than he earns and live comfortably and well at the sam time. Marshall Field worked in a store for $25 per month. New Arrivals from Southern Europe get twice that before they can speak a word of English, and skilled American Labor draws higher wages by 50 per cent than are paid in any other country.
